CAREER AND EMPLOYMENT OPTIONS

The job market for cosmetologists and instructors is excellent. Persons with this training are much in demand and generally find employment. The curriculum is designed to prepare students for at least beginning employment/job entry. Job placement help is available if needed.

According to a recent study conducted by the National Accrediting Commission of Cosmetology Arts and Sciences (NACCAS) the average salon income, including tips, ranges from $30,000 - $50,000 per year. The industry is at a "zero unemployment" rate, needing more new professionals than it can supply. Employment may be found through salons or through creating an individual business.
