QUOTES FROM SOME OF OUR PARTICIPANTS:

“Created a clean, concise career path.”
- Ronna, Style Studio 53 Owner

“The thought of doing an internship really intimidated me at first. But once I got out into the salon environment, my fears faded and my confidence grew. It was truly an unforgettable learning and growing experience!”
- Mary T., Student 2009

“Always had a really positive experience. Looking forward to it.”
- Jen E, Regis Everett Manager

“My internship expanded my knowledge in the field. More doors opened and helped me network in the area.”
- Mikayla S., Student 2013

**Frequently Asked Questions:**

**What is a student internship program?**
Sometimes referred to as on-the-job training that is an intensive learning experience outside the classroom. Students work with the instructor and local contracted salons to locate suitable positions for a planned set of learning objectives.

**What are the benefits of an internship?**
Employers (Salons) receive highly motivated and well-qualified applications to work in their salon and help grow their business with the potential of gaining a new employee. It also allows current employees to gain supervisory skills.

Students benefit by receiving practical work experience in the cosmetology industry, meeting curriculum requirements and being able to apply classroom learning to the workplace.

The Cosmetology Program benefits by building partnerships with local salons, and by developing further insight into current industry trends, techniques, equipment and products.

**How do salons participate?**
Contact the program advisor. In the beginning, you will need to sign the required contract and send a job description form to get started. Weekly hours and activity reports are required as well as an intern evaluation at the end of the quarter.

**What about wages?**
According to WAC 308-20-091 “student credit for training in a licensed salon/shop” (3), “students cannot receive any wages or commission for hours of credit earned in a salon/shop”.

**What makes a good internship?**
One that offers hands on experience related to the student’s career goals in which new learning and skill development are gained. The salon must also be able to offer students instructions under the direction of a licensed operator.

**When can a student apply for an internship?**
Students must meet the outlined criteria in order to participate in an internship.

- [ ] Complete 1,300 hours of instruction at EvCC Cosmetology Program
- [ ] Maintain 80% attendance level
- [ ] Pass all required courses
- [ ] Maintain a GPA of 2.0 or better
- [ ] Permission of an instructor

**How many hours can I spend in a salon while completing my internship?**
Students can receive up to 170 creditable hours (10%) of curriculum hours of training in the contracted salon/shop. Up to 9 hours per day in a salon.

Note: See contract for creditable hours.

**Will I be receiving instruction on live people or manikins while completing my internship experience?**
Salons are being encouraged to allow intern to work on models, each other, and/or customers. The training may also include being an assistant. The goal is to receive on-the-job training.

**What kind of services can I perform while completing my internship?**
Below are the outlined skills available for you to receive training.

Esthetics, Shampooing, Manicuring, Decontamination Control, Permanent Waving, Front Desk Operations, Haircutting, Styling Relaxers, Hair Coloring & Lightening

**How do students earn credit and a grade for their internship?**
At the end of the internship the salon will complete a student evaluation form that the college will provide. The grade on the evaluation form will be 10% of the student’s final grade for the clinic course.
