What is College in the High School?

EvCC’s College in the High School program is a cooperative program between local school districts and EvCC.

The program offers high school students the opportunity to earn both high school and college credit for coursework in preapproved advanced high school courses.

The National Alliance of Concurrent Enrollment Partnerships (NACEP) is a professional organization for high schools and colleges that fosters and supports rigorous concurrent enrollment. This accreditation demonstrates that our College in the High School program meets or exceeds rigorous national standards of quality and compliance in the areas of curriculum, instructors, students, assessment, and program evaluation.

EvCC is the first community college in the state of Washington to be awarded accreditation through the NACEP.

Everett Community College does not discriminate on the basis of race, color, religious belief, sex, marital status, sexual orientation, gender identity or expression, national or ethnic origin, disability, genetic information, veteran status, or age in its programs, activities, or employment.

The Chief Diversity and Equity Officer has been designated to handle inquiries regarding nondiscrimination policies and can be reached at 2000 Tower Street, Everett, WA 98201, or by phone at 425-388-9979.
Earn college credit without leaving your high school

Can your credits apply toward a college degree?
Yes. College in the High School provides a seamless, positive transition from high school to Everett Community College or other posts-secondary institutions. Depending on the institution and the program that you pursue, credits may transfer as direct equivalents, as general electives, or to satisfy a prerequisite for a required course.

If you are planning to attend a private college or university, you should speak to the college/university’s admissions office to clarify whether your transfer credits will be accepted.

What are the benefits?
- Shorten the time it takes to earn a two year or four-year degree by taking freshman-level required courses and prerequisites.
- Huge savings! Tuition for a CHS 5-credit course is typically 60 percent less than an equivalent EvCC course.
- If you are a qualifying student, you can also apply for the CHS fee waiver program. Visit EverettCC.edu/CHS for details.
- Courses are listed on your transcript as an EvCC course.
- Colleges and universities favor students who maximize their academic rigor while in high school.
- You have a chance to experience college level work in your high school.

How do you participate?
If you are enrolled in a pre-approved high school course and meet the prerequisites, you can register for EvCC college credit through College in the High School. Check with your high school for more information.

1. New students
   Apply for Admission to EvCC.
2. Returning students
   Start with Step 2.
3. Complete the College in the High School program application.
4. Register & Pay
   Visit EverettCC.edu/CHS for registration details.

By demonstrating excellent motivation and achievement, you set yourself up for further success in college.

“Everett Community College has been great about creating a flexible payment plan for us, which has made it way easier for those of us that weren’t quite where we thought we would be when our child got to these college years. I so appreciate you making these formative years a little less stressful.”

– Scott Conyers, parent of CHS student Chase Conyers
