

CREATING AN ACCOUNT & SIGNING UP FOR CONTINUING EDUCATION CLASSES

1 Admissions vs Sign Up

Applying for admissions to the college is not necessary if you ONLY want to enroll in continuing education courses or training programs through CCEC. We use a separate registration system. If you are a College in the High School student, please follow the separate enrollment instructions [here](#). If you are also considering taking classes for credit at EvCC, you can apply for college admissions separately [here](#).

2 Create an Account

Create a new account with CCEC [here](#) or by clicking on the sign in button on the CCEC webpage. Enter your desired username, password and a current e-mail address under the "Create New Account" side and select "Create account." Please remember to enter your Student ID if you already have one. If you do not have a Student ID, one will be created for you. Be sure to submit when you are finished. Look for your confirmation email. Be sure to check your junk mail if you have not received confirmation within a few minutes. Course reminders and parking passes will be sent to the email you provide.

Note: You must create an account before registering with an outside payment source or voucher.

3 Log In & Register

Use your username and login to enroll in classes. You will not need to repeat steps 1 or 2 for any future enrollment. Be sure to remember your username and password. Recovery options are also available on the sign in page. Please contact us if you have any questions.
