Global Studies
Associate in Arts & Sciences – Direct Transfer (DTA)

GENERAL INFORMATION
Global education provides for the study of international issues within a multidisciplinary frame work. An education that focuses on the interdependence of communities fuels your ability to contribute to important decision-making processes. Each Endorsement is designed as an introduction to cultural, political, and economic perspectives of processes at the global level.

There are four areas where an Endorsement can be earned:
1. Global Citizenship Endorsement
2. Global Health Endorsement
3. Policy and Conservation Endorsement
4. Social Entrepreneurship Endorsement

Each Endorsement outlines a different set of courses and is usually associated with a course of study to be pursued once the student reaches the university setting. While you might take some courses in each of the Endorsements, you must ultimately choose at least one Endorsement. You may be able to achieve more than one Endorsement if you plan your classes carefully. It is strongly suggested that you meet with a Global Studies advisor to best determine the courses that will form this educational foundation.

Typically, students follow-up their community college studies at the bachelor’s degree level, and then at the master’s level. Enjoy the benefits of smaller classes (and lower tuition) by beginning your college study at a community college and then transferring to a university.

GETTING STARTED AT EVCC
Our Enrollment Services Office provides information about application, advising, orientation and registration for new and continuing students. New degree-seeking students must complete entry advising through the Advising Center prior to first quarter registration.

Contact:
- Enrollment Services, Parks Student Union, (425) 388-9219, admissions@everetttcc.edu
- Advising Center, Rainier 108, (425) 388-9339

YOU HAVE OPTIONS
Any student at Everett Community College can complete the courses required for an Endorsement in one or more of the four Endorsements. As an emphasis, Global Studies is relevant to many types of careers and interests.

After the final quarter of study, submit an Endorsement Application (c/o Catherine Groger, Gray Wolf Hall, Room 318, (425) 388-9320, Communication and Social Sciences Division office). Please note that the Endorsement does not appear on your transcript, so retention of your documentation paperwork is critical.

Completion of an entire associate degree is not required. However, the Global Studies Endorsements do fit very well into the requirements of the Associate in Arts and Sciences (AAS-DTA). This degree meets statewide guidelines for smooth transition to most of Washington’s colleges and universities, and several in Oregon. Upon obtaining the degree you will have completed most or all of the lower division, general education typically required within a bachelor’s degree. The complete description of the specific degree program you have chosen is provided in the Associate of Arts and Sciences Direct Transfer Guide. A checklist for the Global Studies Endorsement within the Associate in Arts and Sciences degree is provided on the fourth page of this guide.

Alternatively, the Associate in Business (DTA) is also a good match for the Social Entrepreneurship Endorsement.

These are several careers and personal interest areas that benefit from a Global Studies Endorsement:
- Government
- Non-governmental organizations
- Cultural organizations
- Environmental policy
- Field or Lab research
- International corporations
- Entrepreneurial business
- Business
- Media
- Retail
- Education
- Lobbying
- Law
- Self-employment

Approved by Instructional Council March 2017; retroactive to January 2017 in accordance with previously approved DTA update.
