

How to Login to Your Student Account

1. Open up your **Internet Web Browser**

2. Type in www.Gmail.com

3. **Login Name:** Your **Username@students.EverettCC.edu**

- **Username** = The **first initial** of your first name + your **middle initial** (or an "x", if you did not register with middle initial) + your **full last name** + **@students.EverettCC.edu**
- So, for example, if your name was **John L Doe**, your Username will be: **jldoe@EverettCC.EDU**

4. **Password: Same** as the password you use **on campus computers.**

- (if you have **not** already reset it to use the computers on campus or Angel) The **first initial** of your first name, **upper case** + **first initial** of your last name, **lower case** + your **Student ID number**. So, if **John L Doe's** Student ID is "**123456789**", the Password would be: **Jd123456789** (where "**123456789**" is John L Doe's Student ID number).
