We Are Greening

To the tune of Frère Jacques

We are greening. We are greening.
How `bout you? How `bout you?
Come along and try it. Better not to buy it.
You can too. You can too.

Turn the lights out. Buy food local.
Grow your own. Grow your own.
Try some home composting.
No we are not boasting.
We've got worms. We've got worms.

Buy a hybrid. Take the bus.
Carpool too. Carpool too,
Change your driving habit.
Save our precious planet.
Don't pollute. Don't pollute.

Round:

We are greening. We are greening.
How `bout you? How `bout you?
Come along and try it. Better not to buy it.
You can too. You can too.
