

Requesting Articles Unavailable at EvCC

If the EvCC Library does not have a particular book or article you need, we can borrow it on your behalf from another library through Interlibrary Loan (ILL). This service is available free of charge to current EvCC students and employees only. Each person is limited to 5 pending requests at a time and other restrictions may apply. Contact a Reference Librarian for more information.

You can pick up a paper ILL request form at the reference desk or follow the directions below to place your article request online. To place a book request online, refer to the OCLC WorldCat handout.

1) Go to the library homepage <http://www.everettcc.edu/depts/library/> and click on the link to **OCLC WorldCat** under *Other Library Catalogs*. From off-campus, you will be prompted to enter your EvCC student or staff ID number.

2) Just above the search boxes, there is a pull-down menu labeled, Search in database. Change the database to ArticleFirst, an index of 23 million+ periodical articles. The page will now look a little different as the search options have changed with the new database.

The screenshot shows the "WorldCat Advanced Search" page. At the top, there are instructions: "Enter search terms in one or more boxes and click on Search." and "WorldCat Hot Topics: Select a topic to search:". Below this is a navigation bar with "Home", "Databases", "Searching", "Resource Sharing", and "Staff View". Under "Searching", there are buttons for "Basic Search", "Advanced Search", "Expert Search", and "Previous Searches". A status bar indicates "Current database: WorldCat". Below the status bar are icons for "Subjects", "News", and "Help". The main search area has a "Search in database:" dropdown menu currently set to "WorldCat". A callout box points to this menu with the text "Change the database to ArticleFirst". The dropdown menu is open, showing options: "WorldCat", "Wayfinder", "ArticleFirst", "ECO", and "WorldCat". A callout box points to "ArticleFirst" with the text "Change the database to ArticleFirst". Below the dropdown is a "Search for:" field with a "and" dropdown menu. There are also "Search" and "Clear" buttons.

WorldCat is the default database

Change the database to ArticleFirst

3) Search for the article by title, author, and/or source.

and

The pull-down menus let you specify whether your search term is part of the title, author's name, etc.

4) Click on the title of the article you want in the results list. (If you see an EvCC icon, it means we subscribe to that periodical and you will not be able to use the ILL online service.)

5) The detailed record should have an icon about 1/4 the way down the screen and towards the left that says ILL. Click it and fill out the form to initiate the ILL request.
