

### GENERAL INFORMATION

If you are interested in transferring to a university after completing your studies at EvCC, you should consider following this degree program. Please consult with an advisor.

EvCC also offers other transfer degree options, such as the Associate of Science, the Associate in Business, the Associate in Arts and Sciences – Option I, and several associate degrees in science education and applied sciences. **Again, we urge you to consult with an advisor to discuss the best plan for your goals.**

Students who earn this degree and meet the minimum grade point average required by the transfer institution will have completed the lower division general education requirements and can usually transfer with Junior standing to Argosy University, Bastyr University, Central Washington University, City University, Cornish College of Arts, Eastern Oregon University, Eastern Washington University, Evergreen State College, Gonzaga University, Heritage University, Northwest University, Oregon State University, Pacific Lutheran University, Portland State University, Seattle Pacific University, Seattle University, St. Martin's University, Trinity Lutheran, University of Oregon, University of Washington, Washington State University, Western Washington University and Whitworth College.

This degree fulfills only lower division general university requirements. Most professional programs have additional course requirements and higher GPA requirements for admission. Students intending to major in professional programs such as business, engineering, education, and physical or occupational therapy should consult the appropriate curriculum guide and the catalog of the four-year school for special admission or graduation requirements.

Some colleges and universities have imposed special requirements in addition to the Direct Transfer Degree. The following list is probably not complete. Students intending to transfer to a specific college or university should read their catalog carefully and consult with the undergraduate admissions office well in advance of transferring.

1. Students should select courses within the AAS-Direct Transfer **that prepare them for their major**. For some universities this will provide an added edge if admission is very competitive.
2. Students intending to transfer to the University of Washington should carefully read "University of Washington Additional Requirements" in this guide.
3. Students are encouraged to check with the receiving institution for current GPA and foreign language admission requirements.
4. Additional theology/philosophy courses are required for graduation by Gonzaga University, Northwest College, Pacific Lutheran University, Saint Martin's University, Seattle Pacific University, Seattle University, and Whitworth College.

Hope International University, the University of Maryland University College, Minot State University (ND), the University of Phoenix, Capella University, Temple University – Japan, Kaplan University, and Fort Hays University also provide for special transfer arrangements for students with the AAS – DTA.

Students who transfer without the Direct Transfer Degree must meet the general university requirements of the receiving institution.

**This publication replaces all previous curriculum guides for the Associate in Arts and Sciences Direct Transfer. Students must meet requirements in effect at the time of their entrance to EvCC, or requirements published during their continuous enrollment. Students who have a break in attendance of four or more consecutive quarters must use the curriculum guide in effect at the time they return to EvCC.**

### DEGREE REQUIREMENTS

- ◆ Students must complete a minimum of 90 applicable credits with a grade point average of 2.00 or above. The Everett Community College cumulative grade point average must be at least 2.00, however this does not guarantee university admission, since admission to many universities is highly competitive.
- ◆ Courses must be completed with a grade of 'D' or above.
- ◆ At least 60 quarter credits must be from courses listed in the four distribution areas: (Basic Skills - 15 minimum; Humanities - 15 minimum, Social Sciences - 15 minimum, and Natural Sciences -15 minimum). No more than 15 credits may be from applied electives (List B). Courses may be applied toward only one distribution area, even if listed as usable in more than one area.
- ◆ A minimum of 30 credits must be earned through Everett Community College. For transfer credit options, go to: [www.everettcc.edu/transfercredit](http://www.everettcc.edu/transfercredit)
- ◆ Credits earned in each distribution area, except basic skills, must come from at least three different disciplines. No more than 10 credits from any one discipline may be used to satisfy the total required in the four distribution areas (except that a literature course may be taken for humanities distribution credit in addition to the required English courses in the basic communication skills).
- ◆ In addition to the required and elective courses, you must satisfy an Intermediate Algebra proficiency; see (I) on the next page. Also, a Diversity course must be completed, and may also be applied to the requirements of the degree.
- ◆ Students must meet the all-College graduation requirements listed in the Catalog.

### TO APPLY FOR THE DEGREE

If you fulfilled the Algebra Proficiency requirement in high school, official high school transcripts documenting successful completion of two years of high school algebra must be on file in the Enrollment Services Office before you apply for the degree.

To apply for the degree, submit your diploma application the quarter before your final quarter of course work or when you have already satisfied all degree requirements. (If you will complete your degree requirements Summer Qtr. and wish to participate in June Commencement, you should apply during Winter Qtr.) Complete the application and return it to Enrollment Services with a completed Course Checklist (last page of this guide). Degree applications will not be reviewed without a completed checklist. To assure completion of necessary paperwork before the end of your final quarter, you should apply within the first two weeks of your second to last quarter.

Students who have earned credits in an area designated with a ~~strike through~~ may use the credits even though the course is no longer offered. **Common Course Numbers** are represented with an ampersand (&) next to the number. **No more than 10 credits** in any one discipline may be applied to the distribution areas.

**I. PROFICIENCY** in Intermediate Algebra. This is a graduation proficiency requirement for which no credit may be applied to this degree. May be satisfied by completion of high school mathematics through second year algebra (or completion of three full years of "core" or "integrated" math that includes the equivalent of two years of high school algebra), or completion of a college intermediate algebra course (Math 099 or Math 098 or MATH 091 AND 092), or course challenge demonstrating mastery of intermediate algebra skills, *or completion of one of the following: Math ~~140~~ &107, 138, &141 or &146 (with a grade of C or higher); or one of the following Math ~~142, 147, 152, 153, 154, 252, Math &142, &144, &148, &151, &152, &153, &254, or Math 260, 261, or equivalent.~~*

**II. COMPLETION** of a Diversity Course, 5 credits. Diversity courses focus on perspectives related to diversity in our society. Courses are listed in the Class Schedule with a D in the course number, such as ENGL 120D or ANTH& 206D. They are typically found in the areas of Communications, Humanities, Social Sciences and Transfer Electives. A "D" course may count toward one of the requirements listed below, as well as meet the Diversity Course requirement. Please consult with your advisor.

### III. BASIC SKILLS DISTRIBUTION

(15 credits minimum)

#### A. Basic Communication Skills (10 credits minimum)

- ❑ Select 5 credits from the following:  
English ~~404~~ or ~~404D~~ &101 or &101D (required)
- ❑ Plus 5 additional credits from:  
Engineering: ~~130, 231~~  
English: ~~402, 402D~~, &102, &102D, 103, 105, ~~204, 202, 211, &230~~  
Computer Information Systems: ~~203~~  
Communication Studies: ~~403~~, &220, 223  
Speech: ~~404, 403~~

#### B. Basic Quantitative Skills (5 credits minimum)

- Business: ~~204~~
- Computer Information Systems: ~~404, 402, 403, 405, 406, 430, 431, 432~~
- Computer Programming: ~~405, 412, 414, 430, 432, 434, 440, 442, and 440~~ if completed before Summer 2005
- Computer Science: &131, 132, 133, &441
- Engineering: 441, 142, 143, or ~~Math 171, 240~~
- Math: &107, ~~437, 138, 440, &141, 442, &142, &144, &146, 447, &148, &151, 452, &152, 453, &153, 454, &163, 471, 252, &254, 260, 261, &264, 281~~
- Philosophy: &106, ~~420~~

### IV. HUMANITIES DISTRIBUTION

15 credits minimum from at least 3 different disciplines; *no more than 5 credits total from foreign languages, and no more than 5 credits from Performance Skills (HP) in the next section.*

\*Note: University of Washington foreign language exception: First year foreign language (~~404, 402, 403, &121, &122, &123~~) may not be allowed for distribution credit if used to satisfy foreign language proficiency requirement. Contact a UW advisor.

PEHW Activity courses 100 and above: Only 3 credits maximum may be applied toward the degree.

Photography: ~~415~~, 116, ~~417~~, ~~118~~, ~~200~~

Psychology: 150, ~~245~~, ~~254~~, 256

Sociology: 150, ~~254~~

Speech: ~~450~~

Theater: ~~205~~, ~~206~~

NOTE: Courses noted with a # are acceptable for students transferring AFTER Spring, 2007.

### **VIII. APPLIED ELECTIVES (List B) 15 credits**

**maximum.** Any course numbered 100 or above and not listed under Distribution or Transfer Electives (List A), except English ~~400~~, Math ~~430~~, English ~~400~~, Math ~~430~~, ~~Gr Bs 121 thru 128~~, ~~CSA 100, 101~~, Art 130, Physics 130.

## **HONORS CAPSTONE COURSES**

Honors Capstone courses are identified by course discipline designator (example: HUM for Humanities) and course numbers 291, 292, 293. These courses satisfy Humanities, Social Science, Natural Science or Transfer A Electives areas of the DTA, dictated by the course discipline designator. For example, an Honors Capstone in Political Science would satisfy the Social Science distribution; a Biology Capstone would satisfy the Natural Science distribution.

## **UNIVERSITY OF WASHINGTON – SEATTLE ADDITIONAL REQUIREMENTS**

While the University of Washington – Seattle recognizes the Direct Transfer Degree, the UW has a number of additional requirements of which transfer students should be aware. To the best of our knowledge, the following information is accurate and complete, but we cannot accept responsibility for transfer decisions by the University of Washington.

### **Distribution area credit requirement:**

While only 15 credits each in the Humanities, Social Sciences and Science/Math areas are required for the Direct Transfer Degree, 20 credits are required in each category for graduation for many majors at the University. Some majors outside the College of Arts and Sciences vary from this pattern, so students are urged to investigate the requirements of their intended majors.

### **Foreign language for admission purposes:**

**Getting in:** The UW requires a foreign language through the second year high school level or

through the second quarter college level for admission. American Sign Language is acceptable.

**Getting out:** Many students may need to complete through the third quarter college level in order to graduate from the UW.

The University strongly recommends that students complete the third quarter of foreign language before transferring to the University

### **Writing (W) courses:**

The College of Arts and Sciences and some other colleges at the University require 10 credits in W (writing) courses for graduation. This requirement may be fulfilled at Everett Community College through courses with a "W" after the course number (e.g. History 153W). Credits earned in W courses may also be applied to Areas of Knowledge. Further, any English composition credits beyond the first 5 credit composition course may be applied to the W course requirement. English 201 is a co-requisite for all W courses and may be applied as Basic Communication Skills toward Everett Community College's Direct Transfer Degree.

## **OPPORTUNITY KNOCKS:**

The UW campuses at Bothell and Tacoma may apply different policies and practices for admission. Check out the other high-quality programs at Washington's public and private colleges and universities!

## **USING A DEGREE CHECKLIST**

A general checklist for the AAS –Direct Transfer is on the next page. You may use this checklist, or you may use one printed in a specific curriculum guide for an area of interest, such as journalism, education or anthropology. Checklists in the specific curriculum guides usually contain course recommendations that help you prepare for a university major or career. You may receive preference in university admission if your transcript shows evidence that you have been completing prerequisite courses for your major.

EvCC also offers several other degrees that support transfer to a university. For example:

- Associate of Science
- Associate in Business
- Associate of Applied Science-Transfer
- Associate in Pre-Nursing
- Associate of Technical Arts

Please refer to the curriculum guides for your interest area to determine the degrees offered.
