

Nursing

Associate of Applied Science - Transfer

GENERAL INFORMATION

Nursing is a profession that requires a high level of both academic and interpersonal skills and a strong commitment to a career focused on helping others. Both nursing education and entry level RN positions require the provision of direct hands-on care to others and a schedule that includes work on nights, weekends and holidays. Prerequisite course work includes rigorous science courses, math skills, and selected social science and humanities courses. For those committed to entering a caring profession, nursing is a challenging, rewarding and multi-faceted career. We highly recommend that you review the essential qualifications of a nursing student: www.everettcc.edu/programs/health-safety/nursing/qualifications.

EvCC offers several options for students interested in becoming registered nurses. Though it is still possible to enter the nursing profession with only an Associate's Degree in Nursing (ADN), it is becoming increasingly necessary to get a Bachelor of Science in Nursing (BSN) in order to be assured of continued employment. We are committed to graduating well-prepared ADN nurses as well as providing opportunities for a seamless progression to the BSN. Following are the options available at EvCC:

Option 1: The ADN at EvCC is an Associate in Applied Science – Transfer degree and prepares students to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). This degree includes both the nursing prerequisites and the nursing coursework (the Nursing Program). The Nursing Program portion is six quarters and only accepts a limited number of students. After completing the degree and passing the NCLEX, the ADN nurse is qualified to apply for entry level nursing positions. To learn more about the EvCC ADN Nursing Program, please visit: www.everettcc.edu/programs/health-safety/nursing/about-our-program.

Option 2: The Pre-Nursing Transfer degree, provides prerequisite coursework that prepares students to apply to a university program as a transfer student where they take their nursing coursework and earn a BSN before taking the NCLEX-RN. For more information about a nursing transfer degree, look at the Pre-Nursing Transfer curriculum guide at www.everettcc.edu/cguides.

Option 3: For a student wishing to enter a program as a first-year college student and start on a direct path to the BSN, please refer to our First Year Entry partnership program with University of Washington Bothell: www.bothell.washington.edu/fyebns.

PROGRAM APPROVAL AND ACCREDITATION

The EvCC Nursing Program is **approved** by:

Washington State Nursing Care Quality Assurance Commission
PO Box 47864, Olympia, WA 98504-7877
360-236-4700

www.doh.wa.gov/LicensesPermitsandCertificates/NursingCommission.aspx

The EvCC Nursing Program is **accredited** by:

Accreditation Commission for Education in Nursing (ACEN)
3343 Peachtree Road NE, Suite 850
Atlanta, GA 30326
404-975-5000

GETTING STARTED STEP 1 – Apply to Everett Community College

The Nursing Program is a selective entry program within Everett Community College. You must first be admitted to the College and have completed the prerequisites before you can apply for admission to the Nursing Program. To apply to the College, please review the information and complete the required steps on the website: www.everettcc.edu/getstarted. Financial Aid application information is available online at www.everettcc.edu/fa. As part of the process of applying to the College, you will receive your Student ID Number (SID), which is *required as part of the Nursing advising and application process*. Admission to the College does **not** guarantee admission into the Nursing Program.

Enrollment Services and the Advising Center can assist you with the admission process for the College.

Enrollment Services
Parks Student Union, Room 201
425-388-9219 or admissions@everettcc.edu

Advising Center
Rainier Hall, Room 104
425-388-9339 or www.everettcc.edu/advising

GETTING STARTED STEP 2 – Prepare to Apply to the Nursing Program

- **Online Program Overview Video:** For an overview of the EvCC Nursing Program, entry requirements, and the application process, please review the Nursing Department's Information Video: www.youtube.com/watch?v=HvT110qamGk. Students who are interesting in becoming a nurse should review this information prior to seeking advising.
- **Nursing Advising Sessions:** www.everettcc.edu/programs/health-safety/nursing/information-sessions
- **Required Nursing Pre-Application Course:** www.everettcc.edu/files/programs/health-sciences-public-safety/nursing/pre-application-class.pdf
- **Nursing Program Admission and Preparing for the Application:**
www.everettcc.edu/programs/health-safety/nursing/nursing-admissions-procedure.

PROGRAM COSTS

The following link provides estimates: www.everettcc.edu/files/programs/health-sciences-public-safety/nursing/nursing-program-costs.pdf

ADVANCED PLACEMENT

Transfer students seeking advanced placement may occasionally be considered from other nursing programs on a space available basis and after individual evaluation. For information on how to apply to the Nursing Program as an Advanced Placement transfer, please visit: www.everettcc.edu/files/programs/health-sciences-public-safety/nursing/advanced-placement-transfer.pdf.

EVP Provisionally Approved November 13, 2017
