

## PERSONAL HISTORY WITH MATH

Please answer the following questions:

1. What was the last math class that you took? When did you take it? What grade did you receive?
2. Is math important? Why? How did you use it? How will you use it later?
3. What are your past and/or present feelings about math?
4. Were there any significant experiences in your past, with math, and had a strong negative OR positive effect on you and your feelings about math?
5. How did you feel about math?
6. Do you feel your problems with math are the test itself or your lack of knowledge about the material being tested?
