Dear International Students,

On behalf of Everett Community College, welcome to our campus! In the next few pages we will take you on a brief tour of Everett Community College and introduce you to a few of our students. We will provide you with information on why Everett Community College may be a good choice for your next educational step.

We are different here at Everett Community College for the following reasons:

- Our campus community is passionate about your success, and we do our best to help you reach your goals.
- Students transfer to many top universities across the USA.
- Our faculty will work with you on a personal level to give you the highest level of educational experience.
- Our classrooms are much smaller (15-25 students) to help you interact with your classmates and teachers.
- We have one of the largest tutoring centers in Washington State.

- Leadership opportunities are abundant at Everett Community College and this will help you grow and develop in order to compete and get into some of the best universities in the USA.
- We have special working opportunities and scholarships for our international students.
- We are located in the center of the Aviation Industry. The largest Boeing manufacturing facility is located within 10 miles (16 kilometers) of the college.
- Our staff in the international office has extensive experience working and studying abroad. We understand your needs very well.
- We will constantly advocate for you and make sure you have the best experience possible.
- You will be treated as a member of our family.

Finally, if you decide to join us, we welcome you to Everett Community College and know that you will be in good hands.

Best regards to you and your family,

Everett Community College

“At Everett Community College, I received maximum assistance from the faculty in my pathway to reach my goal. From proofreading my essays to writing me recommendation letters, instructors here are great and helpful. Moreover, I received encouragement and support from the people in the International Education Office, especially the Director for International Education. He is very friendly and he gives me enormous support. With such comprehensive backup, I finally succeeded and got admitted to the University of Michigan.”

“Everybody in EvCC is very friendly and warm-hearted, they are happy to help me as long as I ask.”

“When I first came to the United States and EvCC one year ago, I was very worried --- Can I get involved in a totally different culture? Can I get help when I have questions? Can I get good grades although English is not my first language? After one year, I get my answer --- Yes, I can.

Everybody in EvCC is very friendly and warm-hearted, they are happy to help me as long as I ask. I don’t feel lonely although I am a foreigner here. I developed a lot since I have been here --- I do well in my classes, I work at International Education Office and I do volunteer work.”

“With uncertainties on choosing classes and transferring, my academic adviser and instructors were a great help to me. Academic advisers were helping to clear uncertainties on transferring to universities as they are more familiar with the process.

Our instructors were more familiar with my learning performance, to tailor-make the most suitable class schedule for me to be prepared to transfer to the University.”

“Working for Boeing has always been my dream, so I tried to look for the best school closest to this facility. I believe my degree at Everett Community College in Aviation Maintenance and Aviation Science will bring me closer to my dream.

Being able to work for the International Education Department is such an honor, and has taught me how to communicate. The teachers work hard to sharpen my potential. Together with the students, I am learning how to express myself.”
