## Meridian High School alternative placement for College in the High School program course entry through Everett Community College.

The goal of Everett Community College is to encourage student success in mathematics. Realistic placement is critical for a student's success. In place of ACCUPLACER assessments, students may be placed according to the following chart:

*NOTE: Students who have earned a C or lower in their last math class or who do not qualify for another reason using the chart below, must be placed by ACCUPLACER.*

<i>If your last math course was ...</i>	<i>and you earned a grade of ...</i>	<i>and completed that course within _____</i>	<i>your placement will be ...</i>
Pre-calculus	C+ or better	One or Two Years	Math 151
Algebra II	C+ or better	One or Two Years	Math 146 , 141

NOTE: Students in Math Proficiency I/II should use ACCUPLACER or highest math class taken prior to that course.
