Snohomish & Glacier Peak High School Alternative Placement

(for graduates who plan to take
mathematics at EvCC within one year
of high school graduation or for
Running Start students.)

As of: 8/10/2012

The goal of Everett Community College is to encourage student success in mathematics. Realistic placement is critical for a student's success. In addition to our COMPASS and ASSET assessments, students may be placed according to the following chart:

NOTE: Students who have earned a C or lower in their last math class must be placed by COMPASS or ASSET.

<i>If your last math course in high school was ...</i>	<i>and you earned a grade of ...</i>	<i>and completed that course within ____ of today's date</i>	<i>your placement will be ...</i>

	3 or better on AP Test		
AP Statistics	See EvCC Catalog	Follow placement for highest math course taken above.	

NOTE: Students in Senior Math, Business Math, or 3rd year CTE Approved classes should use COMPASS/ASSET or highest math course taken prior to that course.

* Math& 141, 142, 144, 148, and 151 require significant time and effort, often more than the minimum of 10 hours of out of class study time per week. Math& 144 is designed as a condensed review of the topics in Precalculus (Math& 141 and Math& 142).

Placement by this method expires one academic year after the student graduates from high school. The sooner the student takes his or her math class at EvCC, the better success the student is likely to have -- since math skills tend to be forgotten over time.

Please communicate to the students: After the quarter starts, if they feel they have been placed in a math class that is too advanced, they should talk with their instructor.
