On the Cover

Hi everyone,

Since I was 5 years old, I've been taking things apart, seeing how they work and putting them back together.

I wanted to turn that into a job I love where I could earn good money.

I've always been a car guy, but I think Washington is pretty much the **aviation capital** of the country with all the airports and aerospace manufacturing companies located here. All those places need someone to fix the aircraft.

Plus, the median hourly earnings of aircraft mechanics and services technicians were about \$25.68 in May 2010, according to the U.S. Department of Labor Bureau of Labor Statistics.

That settled it for me. My dad, who works in the aviation maintenance field, told me EVCC's Aviation Maintenance Technician School is **one of the best in the state**. It's been a successful program for more than 40 years right here in Everett at Paine Field.

Right after high school I started taking classes. I'll graduate within two years ready to test for my **FAA airframe and powerplant license**. At EVCC, you can also get a certificate in aviation technology or earn your associate's degree.

In the eight-quarter, 2,040-hour program, we learn about 45 subjects and get a lot of **hands-on** time working with several airplanes, four helicopters and even a jet engine.

If you're mechanically inclined like me, you should definitely check out EVCC's Aviation Maintenance Technician School. Find out more in the Aviation section of this schedule or at www.everettcc.edu/aviation

Good luck,

Registration

CURRENT AND FORMER STUDENTS START HERE

CURRENT STUDENTS

If you are attending EvCC now, or have attended within the past two quarters, you have a registration access date/time in our system, and you may be able to register now. See "In Person" and "Online" registration information on the next page.

FORMER STUDENTS

If you have not attended within the past two quarters, it is easy to update your record for re-enrollment. Go to www.everettcc.edu/studentforms and complete a new online application or the Adjustment to Status form. When we process your completed form, we will send you registration information. If it is close to the beginning of the quarter, you may simply come into the Enrollment Services Office to start the registration process. Call 425-388-9219 for more information.

NEW STUDENTS START HERE

WHO CAN ENROLL?

If you are age 18 or older, or if you have a high school diploma or GED, you are eligible to register in classes. Some programs will require a high school diploma or GED.

If you are younger than 18, or have not yet graduated from high school, review our "Teens in College" options at www.everettcc.edu/teensincollege

If you are a junior or senior in high school and interested in our Running Start program, call 425-388-9073 or send an email to ahammons@everettcc.edu

If you are interested in ESL, GED, or high school completion, call 425-388-9291.

If you are an international student on an F-1 visa, call 425-388-9220 or send an email to intadm@everettcc.edu

HOW DO I START?

It is best for you to apply for admission at least 60-90 days before the quarter starts in order to gain an early registration access date/time. There is no application fee. Computers are available outside of Enrollment Services and at the Welcome Center for new students to use to apply for admission.

It is necessary to apply for admission in order to register. Students who are admitted early generally receive priority in registration. Walk-in students will be delayed if they have not yet applied, taken our placement test, completed orientation, met with an advisor, or if the classes they want are full.

PLACEMENT TESTING REQUIREMENTS

Placement testing is required of all students taking more than 7 credits and/or taking classes with Math and/or English prerequisites. This is not a pass or fail test. The assessment helps you and your advisor select the right level of courses. See the testing schedule on this page.

WHEN DO I HAVE TO PAY?

You are expected to pay within five working days of your registration or before the last business day before the beginning of the quarter, **whichever comes first**. Once classes begin, payment is due immediately. The College reserves the option to drop or bill unpaid students. Students who are receiving financial aid, a scholarship, or third-party payment must make prior arrangements with the Financial Aid and Cashiers Office in order to avoid being dropped or billed.

IS FINANCIAL AID AVAILABLE? OR A PAYMENT PLAN?

Please read the description about tuition, fees and payment on page 9 very carefully. If you feel you need assistance to pay for your college costs, contact our Financial Aid Office immediately, or go to www.everettcc.edu/sfs for information about grants, loans, and scholarships. Please apply for aid early. You may complete the federal financial aid application form online - go to www.fafsa.gov

Need a payment plan? You may submit an application for our "20-40 Plan" which sets payment deadlines as follows: 50% by the regular deadline and the remaining amount split between payments by the 20th calendar day and by the 40th calendar day. Go to the Cashiers Office for the "20-40 Plan" application after you register. You do not need to be eligible for financial aid to participate. For more information go to: www.everettcc.edu/2040plan

MANDATORY ORIENTATION

All students who are new to Everett Community College are required to complete orientation before registering for classes. Orientation is available online at www.everettcc.edu/orientation If you are unable to complete online orientation or need accommodations, please contact Enrollment Services at 425-388-9098 or orientation@everettcc.edu Senior citizens using the senior audit waiver are not required to complete orientation. Details about the senior citizen tuition waiver can be found on page 68.

PLACEMENT TESTING AND ASSESSMENT RESULTS HELP YOU TAKE THE RIGHT CLASSES

The Testing Center is located in Glacier Hall. Various tests are offered on a regular basis; call 425-388-9288 for a schedule or go to www.everettcc.edu/testing. The current schedule (**valid April 2, 2012- June 15, 2012**) is listed below. Arrive early; space is limited.

Entry placement is required for all new students taking more than seven credits and/or Math and English courses.

- COMPASS test: Monday 8:00am–6:30pm (office closes at 6:30pm), Thursday 9am–4:30pm (office closes at 4:30pm). If staffing permits, the test may be offered Tuesday, Wednesday & Friday. Please call ahead to check availability.
- Fee: \$30, which must be paid in advance at the Cashiers Office. Bring the receipt to the Testing Center to take the test.
- Persons who have more than 45 college credits, or who have completed college composition classes at another college (with a grade of C or higher), may submit a copy of their college transcript to the Enrollment Services Office with a written request for a placement test waiver. The form is at www.everettcc.edu/studentforms. Waiver of the placement test does not necessarily satisfy course prerequisites.

Special Test Requirements:

- A foreign language placement test may be required for placement in a foreign language course. Contact the Testing Center for testing times. No fee.
- GED testing is also offered in the Testing Center by appointment only on Tuesday, Wednesday, and Friday. Call 425-388-9288 for schedule and fees or go to www.everettcc.edu/testing

Registration

IN PERSON

Enrollment Services is open Monday 7:30am-6:30pm and Tuesday-Friday 9am-4:30pm. Current, former, and new students may register on or after their registration access date. Check the Student Kiosk, www.everettcc.edu/kiosk for your registration date. International students and ABE/GED students are some of the categories of students who must register in person. Most other students can also register online.

ONLINE

You may register on the Web:

- If you have been admitted as a new student for the upcoming quarter.
- If you are currently attending or if you attended within the past two quarters.
- On or after your registration access date/time or during Open Registration.
- If you have been absent for a while and register during Open Registration.
- If you know your Student Identification (SID) number and your PIN.
- Underage students, International students, ABE/ESL students, and some other categories of students may not be able to register on the web.

TO START: GO TO www.everettcc.edu/kiosk

- Be prepared with a list of courses you have already identified as the courses you want.
- Click "Online Registration."
- Type your SID and PIN, select the correct quarter, and click on register.
- On the left, type the 4-digit item number of the course(s) you have selected and click submit.
- When your registration is complete, click FINISH. It is not submitted until you do that!
- View and print your schedule to be sure you entered the courses correctly and you know the amount due.
- You cannot register in classes that meet at the same time or in classes that are full.
- You cannot register for an overload of classes of more than 21 credits.
- For registration in a variable credit class, register in person to ensure accurate credits.
- Check "audit" if you do **NOT** want to receive credit or a grade, otherwise, don't.
- For registration in a class that requires instructor permission, you need either a five-digit entry code issued by the instructor, or you must register in person in Enrollment Services with the instructor's signature on your registration form or a signed permission card.
- If the class is full, you may be asked if you want to get on the waitlist, if one exists. See "waiting list procedures" for details.
- To view and/or change your address click on View My Address.
- You can view your class schedule and amount owed by clicking on Student Schedule.
- You can drop a class for which you have already registered. Click on Online Registration, enter your SID and PIN and view your schedule. Note the 4-digit item number of the class you want to drop and type the four-digit item number on the left hand screen, click Submit, and the course will disappear from your list of classes. You can also add one or more classes. You may add classes until 7pm, April 4. You may drop classes until 4:30pm, April 6. Always go back and view your Student Schedule to be sure that any action you have taken is reflected.

When you register, you owe tuition and fees. See page 9.

DO YOU MEET THE COURSE PREREQUISITE?

A prerequisite describes the skills and/or knowledge the student must have before taking a class. Prerequisites are listed in the catalog and class schedule. Students are expected to satisfy all prerequisites prior to starting the course. If a student has not met the stated prerequisite(s), the student may be asked to leave the class.

WAITING LIST PROCEDURES

If a class is full, your name may be placed on a waitlist. Not all classes maintain a waitlist. If you get on a waitlist, we cannot guarantee the instructor will accept you into the class.

As vacancies occur in a class, the top name on the waitlist will move into the actual class until we close the waitlist. You are responsible for monitoring your waitlist status and paying for the course if enrolled. If enrolled, standard tuition deadlines apply. We will **NOT** notify you if we move you into a class. You may check on your waitlist status by going on the student kiosk www.everettcc.edu/kiosk. **If you are on a waitlist you must go to the first class to guarantee consideration for the class. Waitlists continue to run until noon on the 3rd day of classes, so you must remove yourself from the waitlist if you no longer want to take that class.**

Students on a waitlist will **NOT** have the waitlist course credit added to their total, and might **NOT** show the full tuition amount due. This will affect financial aid students most of all, so read the section marked Financial Aid below. This will also affect students on Veterans' benefits, and students who may have an employer or agency paying their tuition.

Financial Aid students: If you have been awarded a full-time aid package, it will not be activated until you are registered in courses that add up to full-time, or a minimum of 12 credits. If you are on a waitlist, your aid check will be delayed until you get off a waitlist and into a class so that your total credits equal at least 12. Advisors can help you explore alternatives.

Veterans: Your best bet is to register as early as you can, so that you can register full-time and send in the paperwork to VA so that your checks can be released.

If an employer or agency is paying your tuition: Go to the Cashiers Office after you register and submit payment authorization forms, otherwise you risk being dropped due to non-payment. If your agency or employer needs proof that you are registered full-time, your best bet is to register early, and work with an advisor if your classes are waitlisted. If you are moved from the waitlist into a class, you must pay immediately.

COURSE REPEAT POLICY

Courses may be repeated to improve the grade earned, but credit is earned only once. To repeat a course, the student must register for the course, submit a course repeat card at the time of registration, and pay all necessary fees. A course may only be repeated twice. See the College Catalog for specific procedures. The course repeat form is also available on the web at www.everettcc.edu/studentforms. Students registered in distance courses who live more than 30 miles from campus should call 425-388-9357 to discuss options. Course repeats must be filed within one academic year of the quarter of enrollment in the repeated course.

FIRST WEEK ATTENDANCE REQUIRED

Students must attend all classes in which they are registered the first week of the quarter. A student who does not attend the first day and has not made prior arrangements with the instructor may be dropped from the class. A student who is not withdrawn by the College or does not officially withdraw himself/herself may be issued a failing grade by the instructor based on non-attendance.

FULL-TIME STATUS

Enrollment in 12 or more credits per quarter constitutes "full-time" status.

Tuition and Payment

TUITION FOR SPRING QUARTER, 2012

Note: Fees for self-support classes vary. See description below, as well as the specific course listings for unique fees. See "When to Pay" section for the payment schedule and deadlines. Fees listed in the courses section of this schedule are also subject to change.

Credits	Resident tuition	Non-Resident Tuition Reduction*	Non-resident tuition

20	\$1,473.64	\$2,101.30	\$3,577.64

* Tuition reduced for US citizens and permanent residents. Contact Enrollment Services. Tuition options for seniors, state employees and military and residency criteria for tuition purposes are described on page 68.

TUITION AND FEES

STATE-SUPPORTED CLASSES: Most of EvCC's classes are "state-supported." State-supported classes are charged according to the state-regulated tuition rate listed above; lab fees or other specific fees may be charged in addition to tuition. Typically, classes that are state-supported do not specify the tuition cost in the class listing.

SELF-SUPPORT CLASSES: A number of EvCC classes are "self-support" and do not utilize state funding to cover their instructional costs. Therefore, the tuition schedule above does not apply to self-support classes. The class listing will identify the course as self-support and announce the cost per class. Spring Quarter self-support classes are estimated to be \$95.85 per credit.

Students who take a mixture of state-support and self-support classes should carefully evaluate their total tuition and fees. For example, a resident student taking 12 credits in state-supported classes and 5 credits in a self-support class may be charged \$1,043.86 plus \$479.25. Alternatively, a student taking 17 credits in state-support classes may be charged \$1,257.26.

FEES: All students - regardless of the type of courses being taken - will be charged other fees, such as a lab fee and parking fee, depending on their use. Fees associated with specific courses are listed with those courses in the classes section of this schedule (pages 19-48). These are estimated fees and are subject to change. Students taking credit courses will be charged a Technology Fee of \$3.50 per credit, up to a maximum of \$35 per quarter. Students taking credit courses will be charged a Campus Enhancement Fee of \$5.00 per credit, up to a maximum of \$50 per quarter.

REFUNDS/DROPS/WITHDRAWALS

Refund deadlines vary, depending on the type of class.

FOR STATE-SUPPORTED CLASSES, the refund deadlines are stated on page 6. Courses that have unusual start and end dates will have different deadlines.

FOR SELF-SUPPORT CLASSES, refund deadlines are stated in class descriptions.

ALL STUDENTS ARE SUBJECT TO THE FOLLOWING: A refund is considered only when a student officially drops or withdraws from a class or from the College. The date of such action is noted if it is done via the online web registration system, or in person in Enrollment Services or with Corporate and Continuing Education Center. All drop transactions must be completed by the close of business on the deadline day. (For most classes, drops/withdrawals after the 5th day of the term must be handled in person in Enrollment Services.) A refund, if due, is mailed to the student's address on file or credited back to the credit card or agency. Refunds can take up to five weeks to process. Refunds for under \$10 will only be processed with a written request from the student.

Refunds for students who are receiving financial aid may also be calculated in accordance with state/federal rules. These formulas are published in the Financial Aid procedures manual. Financial Aid students should note that early departure could trigger a request for repayment of their aid funds.

FINES AND DEBTS

The College may block registration and/or withhold services until all outstanding fines and debts are resolved. Student accounts should be cleared at least 24 hours prior to registration.

WHEN TO PAY

By registering, you are taking personal responsibility to pay tuition and/or fees. Non-attendance does not constitute a reason to avoid payment.

STATE-SUPPORTED CLASSES: Early registrants must pay their tuition and fees within 5 business days from the date of registration or before the last business day before the beginning of the quarter, whichever comes first. Once classes begin, payment is due immediately.

SELF-SUPPORT CLASSES: Typically, payment is due at the time of registration. The specific payment deadline is noted in the class listing.

ALL STUDENTS ARE SUBJECT TO THE FOLLOWING: The College reserves the right to cancel registration for unpaid students and/or to bill for the tuition and fees due for the registered classes. Returned checks, cancelled credit cards, employer refusal to pay, ineligibility or lateness for financial aid and other reasons for non-payment may result in a direct bill to the student and/or referral to a collection agency.

HOW TO PAY

You may pay in person at the Cashiers Office in the Parks Student Union. You may send a check to the Cashiers Office; please include your Student Identification number (SID). You may pay by credit card on the web; go to www.everettcc.edu/creditcardpay. Drop box available outside cashier's window during business hours.

Students who wish to postpone their payment pending receipt of financial aid, scholarship, VA or other funds must sign a "HOLD" agreement with the Financial Aid Office prior to the payment deadline.

EvCC offers the "20-40 Plan." Students may make three payments: The first payment of 1/2 the tuition and fees is due by the normal deadline. The second and third payments are due by the 20th calendar day and the 40th calendar day. There is a \$10 fee for this service. Students start the process by going to the Cashiers Office and asking for the "20-40 Plan" form. This option is not available to students enrolled in self-support programs, EMS, Fire Science, FSA, FSM, Medical Transcription and Medical Coding.

Students receiving funding from an external agency or from financial aid should read "Is Someone Else Paying Your Tuition?" below.

IS SOMEONE ELSE PAYING YOUR TUITION?

If you are depending upon an employer, agency or other third party to pay your tuition bill at EvCC, please read this carefully.

After registration you must go immediately to the Cashiers Office, located in the Parks Student Union. The Cashiers Office is the only office that can manage your student account to show payment from another source, so that your classes are not dropped due to non-payment. We must receive a payment voucher from your employer or agency by the payment deadline. You are responsible for submitting that voucher to us. It must be submitted immediately after registration. Generally, this means that you must gain eligibility well in advance of registration so that the voucher can be generated in time.

TRADE ACT STUDENTS: You must see Debra Gulliford in Worker Retraining with your initial application, in order to complete an Independent Training Plan (CT-3 Form), cost estimate, etc. Immediately after registration each quarter you must go to the Cashiers Office and identify yourself as a Trade Act student so that your student account is properly created. If the Trade Act fails to cover your tuition, you are responsible for payment.

FINANCIAL AID, VETERANS AND SCHOLARSHIP STUDENTS: In most cases, the Financial Aid Office is able to use your financial aid to cover your tuition. However, you MUST coordinate this with the Financial Aid Office in advance of the payment deadline and sign a request to have your student account put on HOLD. Please do not assume automatic payment. Note: The VA will not pay for on-line or hybrid classes if they are below 100 level. In some cases, VA benefits will not cover self-support classes. Please work with the Veterans' Coordinator. Classes that are below 100 level must be taken on campus.

OPPORTUNITY GRANT: These are offered to students in designated career programs and must be validated quarterly through those program coordinators. Charges not covered by these grants are the responsibility of the student. For more information visit www.everettcc.edu/og

Advising and Orientation

ADVISING

Research shows that students who work with an advisor to plan their courses, overcome challenges, and solve problems do better than those who do not.

- New students: meet with an educational planner in the Educational Planning Center
- Current students: meet with a counselor in Counseling and Career Services
- See www.everettcc.edu/advising
- Attend an information session (see page 6).
- Obtain a curriculum guide in your interest area and meet with one of the advisors listed in the guide. Go to www.everettcc.edu/cguides
- Go to www.everettcc.edu/advising for more tips.

MANDATORY ADVISING-CURRENT STUDENTS

Complete Mandatory Advising* and prepare for Spring Quarter registration. Meet with faculty advisors to talk about your major, select your classes for next quarter, and create your Degree Plan to help you “stay on track” to graduate.

Check out the college website www.everettcc.edu/advising for more information about Mandatory Advising and a calendar of scheduled advising sessions.

*All new students who started Fall Quarter are required to meet with a faculty advisor prior to Spring registration to create a Degree Plan. All other new students must complete this requirement prior to 3rd quarter registration.

MANDATORY ORIENTATION

All new students are required to complete mandatory orientation online at www.everettcc.edu/orientation

You must complete orientation before you can register for classes.

If you cannot access the online orientation or you need accommodations, please call 425-388-9098.

Getting to Campus

PARKING ON CAMPUS

To park in EvCC parking lots:

- Buy a parking pass at the Cashier's Office, located in the Parks Student Union. You must buy a permit every quarter.
- Hang your permit from your rearview mirror. Permits must be up by the first day of the second week of the quarter.
- Visit www.everettcc.edu/parking to see a map of student parking spaces.
- Parking lots are located by Rainier, Whitehorse, Early Learning Center, College Plaza, EvCC Student Fitness Center, at Cosmetology in Marysville, at the Corporate & Continuing Education Center and at the Aviation Maintenance Technician School at Paine Field.
- During the first two weeks of every quarter, arrive at least 25 minutes early to find a parking place, or **save time and money** looking for a spot and get chauffeured to college. Park at the Everett Transit station located off of Pacific Avenue and catch a ride on either Route 9 or Route 29 to the College Station. The bus ride averages only 15 minutes and arrives directly in front of the campus.
- Vehicles parked illegally are subject to ticketing and fines.

VISITOR PARKING

Visitor parking is located in Parking Lot 1, on the west side of Gray Wolf Hall. Rates are \$2 for two hours of parking. Pay at the yellow pay parking machine or at the Cashiers Office in the Parks Student Union.

RIDE THE BUS

Everett Community College main campus is served by Everett Transit. EvCC's North Everett Campus is located across the street from Everett Transit's College Station transit center. Special routes are available from Marysville, Stanwood/Camano, and Skagit County. ORCA bus passes are available at the Cashiers Office.

Learning Communities

Learning Communities combine courses from different disciplines to provide an in-depth look at subjects. They are team-taught by two or more instructors and usually organized around a theme.

- **Make connections (even friendships!) and enjoy the experience of learning as a shared process.**
- **Discover how subjects (and the world) are related and interrelated.**
- **Participate in a variety of learning experiences, discussion groups, lectures, projects, and field trips.**

Spring Quarter 2012

FAST TRACK NURSING

So, you want to be a nurse? This accelerated path Learning Community combines Chemistry 121, Biology 211, and English 101 (or 102) into one integrated course. Designed primarily for pre-nursing/pre-dental hygiene students, the course offers full immersion into the fundamentals necessary for success in upper level science courses and nursing/dental hygiene. Students will learn chemistry and biology in an integrated approach. Moreover, writing assignments will focus on science texts, articles, journals, and literature, allowing students the unique opportunity to learn and appreciate science in context.

MONSTERS AND MADNESS IN THE NEW MILLENNIUM

Understanding the world of the 21st century demands knowledge and understanding of the human mind; this class will approach all the major psychological perspectives – with a special emphasis on contemporary viewpoints – to develop a thorough understanding of the behaviors on the continuum that society considers “normal, abnormal, and disordered.” Writing includes APA citation format, with heavy emphasis on critical thinking by application of contemporary psychological content and modern research. Students will explore, analyze, and write, in an integrated learning environment, for Psychology 100 and English 101D credit.

ENGL& 101D LC1 – English Composition (5 credits)

PSYC& 100 LC – General Psychology (5 credits)

Register in Item #3706 for the full 10 credits.

PANTHALASSA: THE WORLD OCEAN

Immerse yourself in a fun and supportive community of learners who will study the World Ocean from a variety of perspectives, perform hands-on lab experiments, observe the Ocean’s processes on field and boat trips (including a required weekend field trip on April 13-15), and connect those activities through writing and research projects.

This course combines the study of the dynamic processes of the earth’s ocean (tsunamis, coastal formation, the ocean floor, currents, the mysterious Coriolis Effect, waves and how to find a good surfing beach and many other oceanic phenomena) with the study of the dynamic process of writing effective essays. Enhance your knowledge of Panthalassa (all seas) by exploring it through a variety of essay formats. And hone your writing skills by focusing them on an in-depth study of the Ocean.

Register in Item #3757 for the full 10 credits.

ORCA: OCEAN RESEARCH COLLEGE ACADEMY

ORCA is EvCC’s early college, designed to meet high school graduation requirements and the Associate in Arts and Sciences degree requirements. Students are dually enrolled in EvCC’s Running Start Program support by their sponsoring high school. Core general education courses are integrated through the study of the local marine environment. This full-time, interdisciplinary program weaves math, science, English and history classes together in a dynamic mix of problem-based learning, complemented by frequent field trips and quarterly research projects assessing the health of the local estuarine environment.

This program requires a year-long commitment in order to complete all coursework. Classes are taught by a team of faculty and all classes must be taken together. Classes are located at the Port of Everett Marina, and are scheduled from 9am to 2:15pm (plus 2-3 later-afternoon field trips).

Courses in this unique and nationally-recognized program lead to an Associate in Arts and Sciences – DTA (the university transfer degree). Instructor permission is required. Visit www.everettcc.edu/orca or contact Ardi Kveven at akveven@everettcc.edu for more information.

eLearning

eLearning at EvCC offers a variety of online, hybrid and web-enhanced courses that provide students who have jobs, a family, or other responsibilities with a more flexible and independent approach to their education. Online, hybrid and web-enhanced courses use ANGEL as the online learning management system.

Steps to eLearning Success

1. Determine if eLearning is for you:

- I can organize my time well.
- I have good reading and writing skills.
- I use the Internet, email and word processing software.
- I can spend 10-15 hours a week on each course.
- I am self-motivated, self disciplined and organized.

If you answered "yes" to most of these statements, online or hybrid courses may be a good option for you.

2. Check out the eLearning webpage at:

www.everettcc.edu/elstart for information about

- Getting Started in ANGEL
- ANGEL How To's
- Technical Requirements

3. Learn to use ANGEL

To get a feel for what ANGEL is like, login to our tutorial, An Introduction to ANGEL.

Simply follow these instructions:

1. Go to <http://everett.angellearning.com>
2. Username: AngelTutorial
3. Password: EvCC_ANGEL
4. Select Introduction to ANGEL Tutorial from the course list
5. Click on the Lessons tab and select a task to get started

Adult Education

ADULT BASIC EDUCATION

Adult Basic Education (ABE) focuses on the basic reading, writing and math. Class levels are math 1 through 4, and communication levels 2 through 4. An initial assessment is given to each student so they may be placed in the correct learning level. For more information call the Adult Education Department at 425-388-9291.

ENGLISH AS A SECOND LANGUAGE

Everett Community College offers English as a Second Language (ESL) for students whose first language is not English. The ESL classes cover reading, writing, listening and speaking. To sign up for the ESL classes, please call 425-388-9291.

CAREER DEVELOPMENT

All students in Adult Education programs are eligible to receive FREE aptitude and career exploration services from Everett Community College. Already know what career you are interested in? Ask the Career Center about starting salaries and training requirements at 425-388-9263.

GED PREPARATION

The General Educational Development (GED) classes are offered to students that have either finished the ABE classes or that have scored high enough on the initial assessment in Adult Education to be placed in the preparatory classes for the GED. The classes will cover everything that will be on the GED test: reading, writing, math, science and social studies. Online classes are available for individuals scoring high enough on the assessment. For more information, please call 425-388-9291.

YOUTH RE-ENGAGEMENT

The Youth Re-Engagement program is a dual credit program designed for youth age 16-21 that have dropped out of school. Those who qualify to enter the program can earn a high school diploma as well as a college degree. To qualify you must be 16 years of age and under 21 years of age, a reading level of at least 8th grade and not have a high school diploma (a GED is ok). For more information, please call 425-259-8738.

HIGH SCHOOL COMPLETION PROGRAM

The High School Completion Program is for anyone who does not have a high school diploma. If you are under the age of 18, you will need to come into the High School Completion office to receive an "under-age" packet. Students 19 years or older will receive a 75% reduction in tuition fees for the High School Completion Program. Everyone pays lab fees, textbooks and any other fee that may be attached to a class. There is no financial assistance for High School Completion classes. For more information, please call 425-388-9291.

HOW TO READ CLASS LISTINGS

Read the descriptions CAREFULLY! A lot of the classes have different fees and prerequisites for each individual section. This means that ENGL& 101 could have eight sections and two could have fees, two could be taught in a lab, and four could have different prerequisites. Don't think that because the name of the course is the same that the same rules and fees apply every time.

1 ENGL 002 Creative Course 0
 PR: Placement by assessment score on the writing portion or a grade of C or higher in ENGL 001. CR: Students MUST take H DEV 004 concurrently.

2 *For section C (3672) there is a lab fee of \$23.20.

3668	A	daily	7am-7:50am	BAK 206	Staff
3670	B	daily	8am-8:50am	BAK 210	Staff
3672	C	MWF	8am-8:50am	SHK 223	Staff
		TTh	8am-8:50am	SHK 226

1 Look for the fees - such as lab fees, class fees, fees per credit, studio fees, and special fees. They'll all be listed in the description, so be aware of fees. You're responsible for paying fees up front, and you don't want to be surprised when you go to pay for your classes.

2 If a prerequisite, corequisite, or fee applies to a specific section, it will say so here and have an asterisk. It's important to know that if there is a prerequisite, corequisite, or fee without an asterisk at the front, then it applies to EVERY section of that course. In the example shown to the left, the grade of C or higher prerequisite applies to every section, from A to C because it has no asterisk. The lab fee applies ONLY to section C because it has an asterisk.

3 Some classes are split, like the Section C class shown to the left. The class meets in one room on some days, and in another room on other days. Split classes may meet at different times, in different places, or with different instructors. Make note of any split classes on your schedule, so you can keep track of your class.

SYMBOLS

- OL** Online course. EvCC Online courses begin April 2. Online fee: tuition + \$2.50 per credit. See pages 12 and 13 for more information.
- H** Hybrid course; a portion of the work is done online. You must have reliable Internet access or you may use an EvCC open student computer lab. Class meets weekly on campus. Online fee: tuition + \$2.50 per credit.
- WE** Web Enhanced classes are face-to-face courses that require the use of ANGEL or other web-based tools. Web enhanced classes: tuition + \$2.50 per credit.
- T** In Telecourses students use a set of DVDs or video tapes that are checked out from the College library. In a telecourse, you also purchase textbooks from the College Bookstore and attend on-campus class sessions throughout the quarter.
- LC** Learning Community course. Indicates two or more linked classes. See page 11 for details.
- M** Course is taught at Monroe High School or Lake Tye Building and is open to all interested students. Prerequisites may apply to some classes.
- D** Diversity course. This course satisfies the diversity requirement for all associate degrees.
- TU** Courses taught at Tulalip Tribal Court and is open to all interested students. Prerequisites may apply to some classes.
- &** The ampersand in a course number indicates it is a common course number at community colleges in Washington. Example MATH& 141. CCN-identified courses taken at one community college will be the same as those courses at another community college. How to Meet English/Writing Prerequisites

Initial placement in pre-college-level composition courses (ENGL 090, 092, 097 and 098) and in English Composition I (ENGL& 101) is by assessment test scores. Entry into composition courses numbered higher than ENGL& 101 (ENGL& 102, 103, 211 or ENGL& 230) is by earning a grade of C or higher in ENGL& 101. For a weekly testing schedule, call 425-388-9288 or go to www.everettcc.edu/testing.

If you have English credits from another college or university and you plan to enroll in a course that has a prerequisite (ENGL& 101, ENGL& 102, 103, 211 or ENGL& 230) you should bring a copy of your transcript and course description to the Enrollment Services Office two (2) weeks prior to registration. Students who have English as a second language and who are not yet ready for ENGL 097 should refer to the next section for ESL 097. ENGL 090 Writing Center Practical Writing 5

MEDICAL CODING

The Medical Coding program uses web-based curriculum to deliver training for assigning current year medical codes. The program is offered in an online environment, which may be entered at the beginning of any quarter and requires an average of 35-40 hours of study time per week. The program focuses on providing the training required for students to sit for a certification test with either AHIMA or AAPC.

An educational certificate is awarded upon successful completion of this 37-credit program.

Only Medical coding students should enroll in MC classes.

For more information about the courses, call toll-free 1-866-304-3822 or email success@everettcc.edu.

For current course schedule information go online to www.everettcc.edu, Majors and Programs, Medical Coding.

Faculty Advisor: Kathy Kneifel, 425-388-9155, kkneifel@everettcc.edu

Refund/Withdraw Policy: Deadline for 100% refund or to make schedule changes is the 5th day of the quarter by 4:30pm Pacific Time (100% refund less the cost of materials and texts which are \$170 for Cluster II and \$180 for Cluster III). No 50% refund option. If you need to withdraw you must call 1-866-304-3822. If you have been awarded financial aid to attend this program and you withdraw prior to the end of the quarter, you may be financially responsible for repaying all or part of the financial aid awarded to you.

A technology fee may apply.

MEDICAL TRANSCRIPTION

The Medical Transcription Editor certificate program is offered through the Health Sciences and Public Safety Division. Students transcribe and edit medical dictation of increasing difficulty while learning shortcuts to increase productivity. Completion of this program prepares the student to enter the work force as an entry-level medical transcriptionist/editor.

A one-year certificate is awarded upon successful completion of the program.

Only Medical Transcription students should enroll in MT classes.

For financial aid, enrollment, or registration questions email Dotty Bock at success@everettcc.edu or call 1-866-304-3822,

Pat Stettler, CMT, AHDI-F, MT Program Administrator, is available to talk to you. Learn about the curriculum, time investment required, prerequisite skills needed, as well as career options once you successfully complete the program. Email Pat at pstettler@everettcc.edu or call 425-388-9247.

For curriculum guides and current course schedule information go to www.everettcc.edu, Majors and Programs, Medical Transcription.

Faculty Advisor: Pat Stettler, 425-388-9247, pstettler@everettcc.edu.

Refund/Withdraw Policy: Deadline for 100% refund or to make changes to your schedule is the 5th day of the quarter by 4:30pm Pacific Time (100% refund less the cost of materials if you are enrolling in the first quarter of the program, \$1661 less \$150). If you need to withdraw you must email Dotty Bock at dbock@everettcc.edu or call 1-866-304-3822. If you have been awarded financial aid to attend this program and you withdraw prior to the end of the quarter, you may be financially responsible for repaying all or part of the financial aid awarded to you.

Corporate & Continuing Education Center

EvCC's Corporate & Continuing Education Center provides workshops and training solutions to enhance your career, explore your life-long interests, and grow your business. Convenient and affordable workshops are available in a variety of topics including Aerospace and Manufacturing; Business and Professional Development; Certificate Programs and Certifications; Computers and Technology; Corporate and Customized Training; Health and Fitness; Online Learning; Personal Interest; and much more.

EVCC'S CORPORATE & CONTINUING EDUCATION CENTER HAS MOVED TO A TEMPORARY LOCATION

We have great news! We are renovating our building.

During this time, we will be at a temporary location:
9930 Evergreen Way, Building Y-130, Everett, WA 98204.

This location is at the intersection of Evergreen Way and 100th ST SW, just north of Everett Mall Way in Everett.

Be sure to check the location of your classes.

Once the renovation is complete, we will be moving back to our Seaway Boulevard location in September 2012.

REGISTER EARLY

By registering early you can help prevent a class from canceling due to low enrollment. If there is enough interest early on, we may even add additional sections.

SATISFACTION GUARANTEED

If you are not completely satisfied with one of our workshops or were not able to attend due to an emergency situation, you may repeat it one time, tuition-free, for up to one year (as long as there is space available and the course is still offered). Valid picture identification required. Call the Corporate and Continuing Education Center at 425-267-0150 for prior approval and arrangements. (Online courses and credit-bearing courses are excluded from this policy).

CANCELLATIONS

Classes not meeting minimum enrollment will be canceled. The College will attempt to notify students 3 days prior to the class start date if a class is being canceled.

OUR REFUND POLICY

Cancellations or changes to your schedule need to be made at least 4 business days prior to first class to receive a full refund. There is no 50% refund option. Cancellations made by the College will be refunded 100%. Allow 30 days to process refunds. Also, see "Satisfaction Guaranteed" policy above. Credit-bearing courses have unique refund deadlines. Please see individual course description for deadlines.

ONLINE COURSE REFUND POLICY

Students may receive a full refund prior to course activation process completion. The activation process is complete once the student has received email confirming registration and procedures for using course materials. Exception to this policy are included in applicable course descriptions.

REGISTRATION CONFIRMATION

If you register at the Parks Student Union Building, call the Corporate and Continuing Education Center office to receive your Registration Confirmation and any additional information you may need prior to the class start date.

Every effort is made to ensure that the information and fees in this publication are accurate. However, changes and corrections do occur. Therefore, the provisions of this publication are not to be construed as a contract between the student and Everett Community College Corporate and Continuing Education Center. The College reserves the right to change any provision, fees, rule, requirement, policy, deadline, or procedure whenever necessary. Changes may apply not only to prospective students, but also to those currently enrolled. Advance notification will be given to students whenever possible.

ELECTRONICS

This is a focused, intensive training on the specific skills needed for troubleshooting electronic systems. Students will learn to identify, inspect, analyze and troubleshoot electrical and electronic circuits and components logically, and identify, perform and document necessary repairs. Courses include Basic Electronics & Troubleshooting, Intermediate Electronics & Troubleshooting, and Network Fundamentals.

BASIC ELECTRONICS AND TROUBLESHOOTING (7.2 CEUs)

This is a focused, intensive training for the specific skills and knowledge needed for troubleshooting electronic systems. Students will learn the fundamentals of electronic components, circuits and testing. Emphasis will be on component and circuit operations, analysis and documentation. Areas of study include: fundamentals of electricity, electronic configuration, passive and active components, analysis of passive circuits, frequency and time measurements, hands-on training with D.C. Power supplies, DMM, function generator and oscilloscope. The course includes hands-on labs. The course is divided into two modules. The first module provides the student with a fundamental knowledge of electronic components, circuits and testing. The second module covers techniques for analyzing and repairing failures in electronic equipment and systems. Topics include safety, signal tracing and troubleshooting methodology. Upon course completion, students will be able to identify, inspect, analyze and troubleshoot electrical and electronic circuits and components logically, and identify, perform and document necessary repairs. CONTINUING EDUCATION FOR ELECTRICIANS

EvCC's Corporate & Continuing Education Center is pleased to announce our new partnership with Independent Electrical Contractors of Washington to provide educational offerings to promote and enhance the careers of electricians and electrical trainees. Independent Electrical Contractors of Washington is an approved provider of continuing education by the Washington State Department of Labor and Industries. These courses provide the required training for licensure recertification in Washington State. Who should attend? Professionals in the electrical industry and those individuals who are aspiring to become journeymen electricians and need to meet their CEU requirements.

BASIC ELECTRICAL THEORY WITH NEC/WAC **NEW**

An introduction to the general concepts of Electrical Theory, OHM's Law, and Power Formula. These concepts are used in the electrical construction industry on a daily basis. This course also includes safety requirements in the State of Washington as per OSHA/WISHA. Total of 32 hours required for license renewal. This course is intended for trainee license renewal but can be applied to journeyman license renewal as industry related CEUs. Fee: \$75

QUICKBOOKS

QUICKBOOKS 2011 (1.2 CEUs) OR (12 CPEs)

QuickBooks is designed to help improve your business productivity by saving you time and money. Learn to manage customers and vendors while gaining hands-on experience with invoicing, receiving and depositing payments, entering bills, and writing checks. This course is designed for small business owners, bookkeepers, accountants, and others needing to learn how to use QuickBooks to manage their business efficiently. Textbook/desk reference included (\$55 value). *Prerequisite:* Proficiency with navigating Windows, drop-down menus, the keyboard and mouse. Bookkeeping Basics course is highly recommended but not required. Instructor assumes students have bookkeeping experience/knowledge and will not spend time on bookkeeping concepts. This course qualifies for 12 CPE credits recognized by the Washington State Board of Accountancy. Fee: \$295

BUSINESS INTELLIGENCE

DATABASES DESIGNS AND CONCEPTS (1.2 CEUs)

Learn how to create real-world, professional databases. In this class you will see how data base designs affect usability and performance and how you can design for both. You will learn the rules of 'normalization' and when to bend those rules as you create multiple database prototypes in class. This class will be taught using Microsoft SQL server, the concepts learned are applicable to all database software. *Prerequisites:* Familiarity with spreadsheets and the Windows Operating System. Textbook included (\$50 value). Fee: \$325

ITEM 9407-B124 R. ROOT Main Campus - Shuksan Hall, 233
1 Tue., 1 Thu., 1 Fri. Mar. 27 - Mar. 30 12:30 - 4:30PM

SQL PROGRAMMING LEVEL 1 (1.2 CEUs)

In this hands-on class you will learn the basics of SQL programming. This class focuses on how to create and run SQL statements and the statements that matter most to database professionals. Topics include; Insert, Updates, Deletes, Joins, Group By, Aggregates, and many more SQL programming statements. This class will be taught using Microsoft SQL server; the concepts learned are applicable to all database software. *Prerequisites:* Databases Designs and Concepts or equivalent knowledge. Textbook included (\$50 value). Fee: \$325

ITEM 9408-B124 R. ROOT Main Campus - Shuksan Hall, 227
1 Tue., 1 Thu., 1 Fri. Apr. 3 - Apr. 6 12:30 - 4:30PM

SQL PROGRAMMING LEVEL 2 (1.2 CEUs)

Learn advanced SQL programming techniques using 'store procedures' and other programming constructs. You will create many in-class examples that you can use on the job. Topics include; Views, Function, Stored Procedures, Indexing, Security, and many more. This class will be taught using Microsoft SQL server, the concepts learned are applicable to all database software. *Prerequisites:* SQL Programming level 1 or equivalent knowledge. Textbook included (\$50 value). Fee: \$325

ITEM 9409-B124 R. ROOT Main Campus - Shuksan Hall, 227
1 Tue., 1 Thu., 1 Fri. Apr. 10 - Apr. 13 12:30 - 4:30PM

DW DESIGN (1.2 CEUs)

What's the difference between a standard database and a data warehouse database? What is a Star or Snowflake schema? In this class you will find the answers to these questions and others as you create functioning data warehouses. By using simple examples and explaining complex jargon in everyday terms this class will take the mystery out of data warehouse design. Topics include; Star and Snowflake schemas, Fact and Dimension table designs, Measures and Dimensional attributes, and much more. This class will be taught using Microsoft SQL server, the concepts learned are applicable to all database software. *Prerequisites:* SQL Programming Level 2 or equivalent knowledge. Textbook included (\$50 value). Fee: \$325

ITEM 9410-B124 R. ROOT Main Campus - Shuksan Hall, 227
1 Tue., 1 Thu., 1 Fri. Apr. 17 - Apr. 20 12:30 - 4:30PM

ETL WITH SSIS (2.4 CEUs)

When you need to fill a data warehouse with clean and consistent data, Microsoft's Integration Services (SSIS) can save you time and money! In this class you will see how SSIS allows developers and administrators to perform complex ETL operations in a graphic flowchart environment. This powerful tool is a popular choice for companies both large and small. Topics include; Star and Snowflake schemas, Fact and Dimension table designs, Measures and Dimensional attributes, and much more. *Prerequisites:* SQL Programming Level 2 or equivalent knowledge required and DW Design recommended. Textbook included (\$50 value). Fee: \$645

ITEM 9411-B124 R. ROOT Main Campus - Shuksan Hall, 227
2 Tue., 2 Thu., 2 Fri. Apr. 24 - May 4 12:30 - 4:30PM

OLAP CUBES WITH SSAS (2.4 CEUs)

More and more self-serve reporting software is using OLAP cubes as their data source. That's because OLAP cubes are specially designed to retrieve report data quickly and efficiently. In addition, cube developer can create dimensional models that include hierarchical structures and KPI members that make advanced reporting and charting a breeze. In this class you will learn how Microsoft's Analysis Server (SSAS) allows you to create professional cubes and dimensions. While in class you will learn by doing, as you create several dimensions and cubes in SSAS that exemplify real-world scenarios. Topics include; Data Source Views, Cube and Dimension designs, hierarchies, KPIs, calculated and derived members, cube deployment and partitioning, and much more. Prerequisites: SQL Programming level 2 and DW Design or equivalent knowledge; ETL with SSIS recommended. Textbook included (\$50 value). Fee: \$645

ITEM 9412-B124 R. ROOT Main Campus - Shuksan Hall, 227
2 Tue., 2 Thu., 2 Fri. May 8 - May 18 12:30 - 4:30PM

REPORTING QUERIES WITH SQL AND MDX (1.2 CEUs)

Learn how to use the two most commonly use reporting languages: SQL and MDX. In this class you will compare the similarities and differences between these two languages and how programming in both can increase your reporting proficiency. This class will challenge you with exercises that will help you solidify what you learned creating reports based on both cubes and data warehouses. Topics include how to create and run MDX scripts, MDX functions, Slicing and Dicing the cubes with MDX queries, contrasting MDX to SQL queries and knowing when to use them, as well as other important topics. Prerequisites: SQL Programming Level 2, DW Design, OLAP Cubes with SSAS or equivalent knowledge. Textbook included (\$50 value). Fee: \$325

ITEM 9413-B124 R. ROOT Main Campus - Shuksan Hall, 227
1 Tue., 1 Thu., 1 Fri. May 22 - May 25 12:30 - 4:30PM

REPORTING APPLICATION WITH SSRS (2.4 CEUs)

In this class you will focus on Microsoft's premier web-based reporting software, Reporting Services (SSRS). You will create dozens of reports that will teach you how you can immediately start using this exciting software at your workplace. Topics include using both Business Intelligence Development Studio and Report Builder to create reports, using Table, List and Matrix objects in your reports, integrating data bars and spark lines into your reports, and a number of other items that will have you writing professional reports in no time at all. Prerequisites: SQL Programming Level 2 and Reporting Queries with SQL and MDX. Textbook included (\$50 value). Fee: \$645

DATABASE

RELATIONAL DATABASE DESIGN (.8 CEUs)

Storing and accessing data are part of a person's workplace day-to-day activities. In this course, you will plan, design, and create a functional and efficient relational database. One of the most efficient and powerful ways of managing data is by using relational databases. Learn how information can be stored, linked, and managed using a simple relational database application and its associated tools. You can create effective database designs by applying relational database design techniques. Prerequisite: Access 2010 Level 1 or equivalent experience. Fee: \$225

ITEM 8942-B124 R. ROOT Main Campus - Shuksan Hall, 227
2 Tuesdays Apr 10 - Apr. 17 5:30 - 9:30PM

SQL INTRODUCTION (1.2 CEUs)

Learn the fundamentals of structured query language and how to understand the concepts of databases and SQL. You will write SQL queries using the SELECT and FROM statements; calculate data using aggregate functions, column aliases, and mathematical operators; and use the WHERE clause to select specific rows. You will also learn to use the LIKE keyword, wildcards, logical operators, and NULLS, clauses that group data, create multi-table queries by joining tables, and use other SQL front-end applications. Prerequisite: Relational Databases Design or equivalent knowledge. Fee: \$350

ITEM 8943-B124 R. ROOT Main Campus - Shuksan Hall, 227
3 Tuesdays May 1 - May 14 5:30 - 9:30PM

SQL ADVANCED QUERYING (1.2 CEUs)

In the SQL Introductory course, you learned to perform basic SQL querying. Because of various business conditions and requirements, in addition to querying the database, you may need to restructure and index tables. You may also need to manipulate the data in the tables using advanced queries. In this course, you will create advanced SQL queries to manipulate and index tables. You will also create transactions so that you can choose to save or cancel data entry process. Prerequisite: SQL Introduction. Fee: \$350

GRAPHICS AND PUBLISHING

PHOTOSHOP CS5 LEVEL 1: CLEANING UP YOUR IMAGES (.7 CEUs)

This workshop is designed to reveal the mysteries of Photoshop as you discover how to obtain and manipulate a photographic image on a computer. Whether using a scanner, digital camera, or a Photo CD, rarely is a digital photo just right. Enhance the company newsletter, advertisement, slideshow, or web page by learning to brighten, correct color, adjust the contrast, remove unwanted portions, and much more. You will discover when and how to use different image formats and resolutions. The Photoshop skills gained in this class will apply to other photo software as well. Prerequisite: Previous computer and mouse experience. Handouts included; practice photos are available on the Internet. Fee: \$159

ITEM 8888-B124 V. AGUIRRE Main Campus - Shuksan Hall, 227
1 Saturday May 19 9:00AM - 4:00PM

PHOTOSHOP CS5 LEVEL 2: "WOW" TECHNIQUES (.7 CEUs)

This class uncovers many of the remarkable tools and techniques that are available in Photoshop. We will cover in-depth selection procedures and tools including marquee, elliptical, freehand, polygonal, and magnetic lassos; magic wand; extract; and advanced combination methods. Controlling the tonal range and color casts of an image is practiced using RGB levels, grayscale, dodging, sponging, channel mixer, and duotones. Discover how to replace picture elements, plus embellish and correct specific aspects of an image by hands-on experience with Photoshop layers. Bend things around corners, transform and nudge objects into position. Prerequisite: Photoshop CS5 Level 1: Cleaning up your image. Fee: \$159

BASIC ECG RHYTHMS (1.2 CEUs)

Does your job require being able to read an ECG rhythm strip? Ever wondered what those squiggly lines mean on a monitor? Basic ECG Rhythms focuses on building your skill to identify normal and abnormal rhythms. This two-day class builds a foundation for basic ECG rhythm monitoring competence. Practical time is spent with students teaching rate and rhythm calculations to insure accurate learning. A pre-test and a competency post-test will be conducted to ensure learner accuracy. Clinicians who wish to strengthen their cardiac monitoring skills and those working in acute environments should investigate this course. In order to receive a Certificate of Successful Completion for 12.0 contact hours, all attendees must sign the official registration form, participate in the entire seminar, take the pretest, pass the competency posttest with 84%, and turn in a completed evaluation form. Fee: \$240

BEGINNING 12-LEAD ECG INTERPRETATION (1.2 CEUs)

You understand the rhythm the patient is displaying on the monitor, but how do you interpret the 12-lead ECG? Is the chest pain significant enough to require thrombolytics or interventional cardiology? What ST segment abnormalities should I be looking for in a 12-lead? What changes occur with electrolyte abnormalities and bundle branch blocks? This course will explore the beginning concepts of 12-lead ECG interpretation and enhance the learners understanding of this valuable tool. This interactive course includes lecture, group participation, and skill acquisition to facilitate the learning activity. Basic cardiac rhythm knowledge is a prerequisite to this course. Students should bring their own calipers for ECG exercises. In order to receive a certificate of successful completion for 7.0 contact hours, all attendees must sign the official registration form, attend the entire seminar, and turn in a completed evaluation form. Fee: \$240

LAB INTERPRETATION (.4 CEUs)

Do you often struggle at understanding lab results? How do the results relate to the differential diagnosis and course of patient treatment? Interpretation of lab data is an essential skill required of nurses working in all practice settings. Through the review of physiology, pathophysiology and the application of critical thinking skills, you will be able to more easily appreciate how lab tests are integrated in patient care decisions. Applying this knowledge within the clinical setting will lead to improved patient care. Participants will receive a handout, including information detailing normal ranges, panic values, and the pathophysiologic basis of abnormal values. In order to receive a Certificate of Successful Completion for 4.0 contact hours, all attendees must sign the official registration form, participate in the entire seminar, take the pretest, pass a competency posttest with a minimum score of 84%, and turn in a completed evaluation form. TECHNOLOGIES FOR BUILDING THE BIGGEST THING EVER!

We'll talk about deployment, construction and operations of the largest project ever attempted by humankind. What technologies (robotics, in-space systems, materials, computing, communications, and energy) are used? What is the current state of the art? How can these technologies be applied to everyday applications here on Earth? How do we actually build an Elevator in space? These technologies are real and will impact your life. SPACE ELEVATOR: THE MUSICAL?

It requires public support to build a project of this scope. That support can come in traditional ways — national media exposure, blogs, emails and building a fan base. But it also shows up in areas that will surprise you — movies, new science fiction novels, pop culture and television. It shows up in song lyrics and poetry and a sub-genre called "space elevator muzak". Beyond the technology, we'll discuss 'technology as political campaign', and about how art tells our story. Learn techniques that can be honed and copied for your own big projects. Fee: \$145

SPACE ELEVATOR:

ETHICS, POLICY, LAW, AND MILITARY CONSIDERATIONS

Fast forward and assume we actually build the Elevator to Space. Then what? How would you use it if you were government, corporation, university, or military? What international treaties apply? What laws exist and what should be written? Is space the 21st century equivalent to the 'Wild West'? If you have the military 'high-ground' do you use it? What about clean, green, limitless energy for all? Is access to space a privilege? We will hold a conversation on these topics and the results should lend focus to your efforts in the world. Set aside all the questions about technology, research, construction and use of the Elevator to Space. There remains a basic problem. How do you pay for it? How do you orchestrate a team that spans the globe? How do you weave different cultures and communities of volunteers and professionals together so that, combined, they complete the most audacious human undertaking ever? And finally, how do you finance this chaos? We will discuss these topics; not all of them have solid answers but may help you in your big projects. Fee: \$145

SEA KAYAKING ESSENTIALS

The Pacific Northwest is a sea kayaker's paradise - one that you, too, can enjoy if you have the knowledge and skills. Whether you are new to sea kayaking or want to improve your skills, this class will help prepare you to safely explore our beautiful Northwest waters. This three-session class consists of two classroom and one lake session. Topics include how to select kayaks, clothing, and gear that will work for you and your budget; how to transport, launch, and land your kayak; how to prevent injury and review other considerations for a safe, fun trip; how to paddle effectively and efficiently by using a variety of paddle strokes; how to use your boat and body for easier, sharper turns; how to use tide and current tables and nautical charts to plan your trips and navigational techniques to keep you on course; how to prevent capsizing with bracing strokes and how to get back in your boat if you capsize as well as how to assist others if they capsize. No experience is necessary. The Sunday "on the water" session will meet at Homestead Park at Silver Lake in Everett. Class fee includes use of kayak, spray skirt, paddle, and wetsuit. Fee: \$225

SEA KAYAKING: HOPE & SKAGIT ISLANDS

We'll meet at Pioneer Park just before the LaConner bridge, and caravan to the launch site at Sneeoosh beach. After the pre-tour class, we may paddle around some little islands to view the bird life before heading on to Hope and Skagit Islands. Our lunch stop is usually on Hope Island which has an impressive cross-island forested trail. If conditions allow, we'll paddle further north to circumnavigate Skagit Island and get a distant view of the Deception Pass Bridge. Birding is good to excellent, and past groups have seen river otters, harbor seals, and porpoises. Usual bird sightings may include eagles, herons, cormorants, kingfishers, grebes, loons, guillemots, auklets, and oystercatchers. A real treat is to see the peregrine falcons that nest on Hope Island or the endangered marbled murrelets that feed in Skagit Bay. Fee: \$85

SNOHOMISH DELTA

After the pre-tour safety and paddle class at the Everett boat launch, we paddle up the Snohomish River to explore the outer estuary areas of the Snohomish River, Ebey, Steamboat, and Union sloughs. We'll land for a lunch break at the north end of Jetty Island on a nice white sand beach. There is usually time to explore the beach and look at plants, birds, and marine life. This is one of our favorite birding tours and it's wonderful how much it varies with season and weather. This is one of the best places in Washington to see osprey and cormorants on their nests. Besides the variety of birds, we may see harbor seals and/or sea lions. Many long-time residents of the Everett area are amazed to learn what can be seen by kayak so close to home. Residency For Tuition Purposes

For tuition purposes, students eligible for resident tuition rates are defined as follows:

Financially independent students who have been domiciled in the State of Washington for at least the past twelve months, and who are not in the state primarily for educational purposes, and who are not claimed as a dependent for tax purposes by a parent or guardian outside of Washington, or receiving funds from another agency which requires residence in another state. OR

Dependents of parents or legal guardians who are domiciled residents of the State of Washington. OR Active military personnel stationed in Washington State and their spouses and dependents. Active duty military personnel will be asked to submit qualifying identification in order to qualify for the special resident rate. OR

Active members of the Washington National Guard and their spouses or dependents who live in Washington. Active duty military personnel will be asked to submit qualifying identification in order to qualify for the special resident rate. OR

Members of selected regional tribes. OR

Persons who resided in Washington State for three full years immediately prior to receiving a high school diploma and completed the full senior year at a Washington high school or who completed the equivalent of a high school diploma and resided in Washington State for the three years immediately before receiving the equivalent of the diploma, and continuously resided in Washington since earning the high school diploma or its equivalent. Contact Elsa Haag in Enrollment Services to determine eligibility for this resident tuition status.

All other students are considered to be non-residents for tuition-paying purposes. Special Note: US citizens and permanent residents who have not yet gained residency in Washington State may be eligible for a partial tuition reduction. Contact Enrollment Services for more information.

Any current non-resident student who wishes to be reclassified as a resident student must complete a Residency Questionnaire for determination of eligibility. Applications for reclassification in the current quarter must be submitted to the Enrollment Services Office before the 30th calendar day of the quarter. If the College discovers an error in the student's residency status during the quarter, the Dean of Enrollment and Student Financial Services will determine whether or not additional tuition and fees are due.

Tuition Reduction Programs

For state-supported classes, several types of students may be eligible for tuition reduction.

Senior Citizens, age 60 or older, may audit one or two classes, at a 75% discount, on a space available basis, beginning the 6th day of the term. Contact the Enrollment Services Office. Registration prior to the 6th day causes disqualification.

State employees and educators in the K-12 public schools may contact EvCC's Human Resources Office to seek eligibility for registration, at a 75% discount, on a space-available basis, beginning the 6th day of the term. Registration prior to the 6th day causes disqualification.

Certain non-residents may be eligible for a discount on the non-resident tuition. Contact Enrollment Services for eligibility criteria.

Military veterans, current members of the National Guard, and some dependents of deceased or permanently disabled veterans may be eligible for a tuition discount. Must be Washington residents. Contact the EvCC Veterans' Coordinator, Parks Student Union Third Floor, 425-388-9277 for certification. An approved certification card must be submitted at the time of registration.

Active-duty military and dependents, and dependants of National Guard members, may be eligible for resident tuition if they are otherwise classified as non-residents. A copy of active duty orders and dependent card (or other verification) is required at the time of registration.

Typically, tuition reduction programs do not apply to self-support classes. All lab fees, special fees, books and supplies must be paid. For information about other tuition reduction programs, contact Enrollment Services.

CAMPUS HOLIDAYS - SPRING 2012 May 28

Public Information

DIRECTORY INFORMATION

Under law, the College may release the following information on students to anyone who inquires: student name, enrollment status, major field of study, participation in officially recognized activities and sports, height and weight of athletic team members, quarters attended, degrees or awards received, birthdate, e-mail address, and last previous educational agency or institution attended by the student. The College may also release information to schools in which the student seeks enrollment, to agencies working under an agreement with the College, and to military recruitment services (under the Solomon Amendment.) All other information may be released only upon written permission by the student. A "Pre-authorized Emergency Information" release form is also available in Enrollment Services. A student may request that his or her directory information not be released. A full description of our practices is available in Enrollment Services.

STUDENT IDENTIFICATION

Students are required to provide Everett Community College with their correct Social Security Number (Tax Identification Number). The Internal Revenue Code allows for the assessment of penalties against students who fail to provide a correct Social Security Number to the College. Failure to comply with this requirement may result in civil penalties in the amount of \$50 per IRC infraction being assessed by the IRS pursuant to the Internal Revenue Service (IRS) Internal Revenue Code (IRC) 6050S and 6051. The purpose of this requirement is to provide for the issuance of Form 1098-T, Tuition Payments Statement. Everett Community College needs a correct Social Security Number to report the amount each student paid for qualifying tuition and fees to both the student and the IRS on Form 1098-T. The 1098-T contains information related to claiming tuition and fee deduction, the Hope Scholarship credit and/or the Lifetime Learning Credit on your taxes. See the College Catalog for further information about the use of your Social Security Number.

STUDENT RIGHTS AND RESPONSIBILITIES

The College's Student Rights and Responsibilities Handbook contains information about Student Government, College policies and procedures and contact information. It also outlines expectations for student behavior, as well as processes for addressing conflicts, grievances, and disruptive behavior. A copy is available from the Dean of Student Development and Diversity Advocacy, phone 425-388-9282.

STATE SUPPORT OF HIGHER EDUCATION STUDENTS

The State of Washington contributes to the cost of students through support of basic instructional cost and state-supported financial aid. For the academic year 2010-11, the instructional cost per full-time student was \$6,603. A Washington resident, when he/she pays tuition, funds about 42% of the instructional cost. The state supports the remaining instructional cost. Students at community colleges also receive state-supported financial aid including that provided from each college's financial aid fund (3.5% of tuition). The total state financial aid support per full-time equivalent student amounts to \$747 for the year.

EMERGENCY CLOSURE ADVISORY

EvCC will cancel classes and close offices if severe weather or other emergency conditions on the main North Everett campus are determined to be unsafe. Every effort will be made to post closure information by 6am for day classes and 4pm for evening classes.

Messages will be posted on the main college phone line at 425-388-9100; on an opening screen of the EvCC website at www.everettcc.edu; sent via text message and email for subscribers (sign up at www.everettcc.edu/emergency); and online through the Public Schools Emergency Communication System at Schoolreport.org

If the college closes, all campuses are closed (unless otherwise noted).

Exceptions: EvCC-Monroe, Marysville Arts & Technology High School and Tulalip Tribal Court. EvCC Monroe follows the closure listings for the Monroe School District. Marysville Arts & Technical School and classes at the Tulalip Tribal Court follow the closure listings for the Marysville School District.

Messages will only be posted if the college is closed. If a message is not posted, the college is operating with normal business hours.
