

Application for Tuition Reduction for Non-Residents

A partial tuition reduction of the regular non-resident tuition is allowable for US citizens and permanent residents (“green card” holders), **living in Washington State**. This reduction applies only to the tuition of state-supported classes, effective beginning Fall, 2003. Persons who hold non-immigrant visas do not qualify for this tuition reduction program.

After the 12+ consecutive months in WA State, students who meet state residency requirements may apply for resident (in-state) tuition by completing the State Residence Questionnaire and submitting supporting documentation. Contact the Residency Coordinator in Enrollment Services with any questions about this process residency@everettcc.edu.

Please Note: Any decision made regarding your tuition status is effective at Everett Community College only.
