Reserve Material Procedures

Faculty may place materials on reserve for use by students in specific classes. To place materials on reserve:

- Complete a Faculty Reserve Request form. These are available at the library circulation desk.
- All photocopied materials must adhere to College copyright guidelines.
- Be sure to specify the length of checkout time.
- Reserved materials will be available for checkout approximately 2 working days after they have been placed on reserve by a faculty member.
- Faculty is responsible for pulling LMC books and giving them to the check out desk.

Please be aware:

- When the library places personal copies on reserve, the materials must be bar coded and security tagged. Although we are careful when removing these labels from your materials later, they may be damaged in the process.
- The library will not place materials from another library on reserve.
- On special occasions in which you would recommend library-use only materials be allowed out of the library, please notify Deanna Bundy in the library Circulation Department at 425-388-9488 or email at circulation@everettcc.edu
- All audiovisual materials must be an original purchased copy or material that was recorded by Media Services.
- All Library-Media Center videocassettes are in-library use only and do not need to be placed on reserve.
- LMC Music CDs now have a three-day checkout period. To designate them for Library Use Only, instructors need to pull the CD case and bring it to the circulation desk.

Removing titles from reserve:

- All reserve titles, including personal copies, are entered into the online catalog and deleted from the catalog when they are no longer needed on reserve.
- Please notify Deanna Bundy, Circulation Supervisor, at extension 9488 when you want to withdraw or add any title.
