

# Building a Degree Plan in Starfish

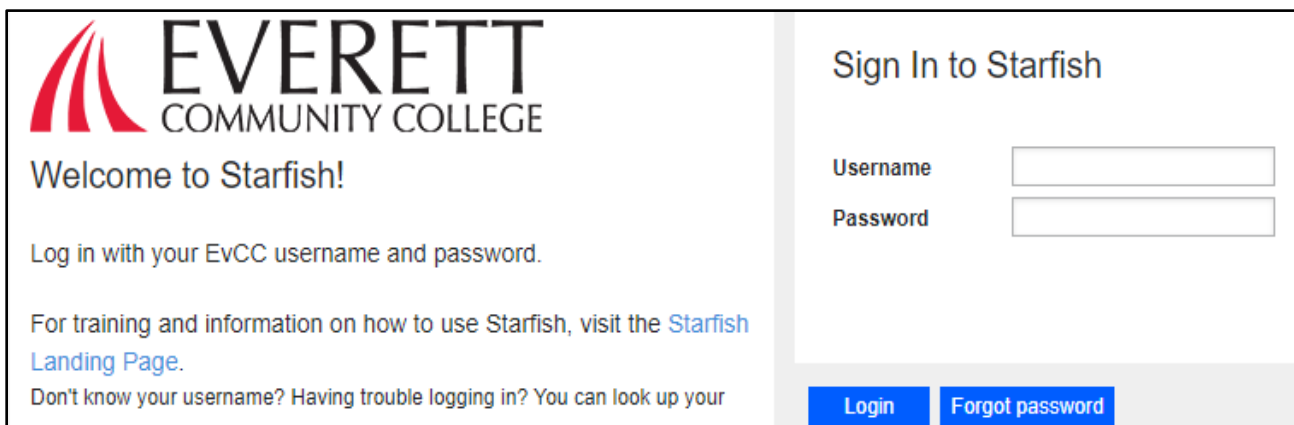

## Getting Started

### Log In

On the main page of the EvCC website, click on the **Starfish** link. (You can also access Starfish through some Canvas courses.)

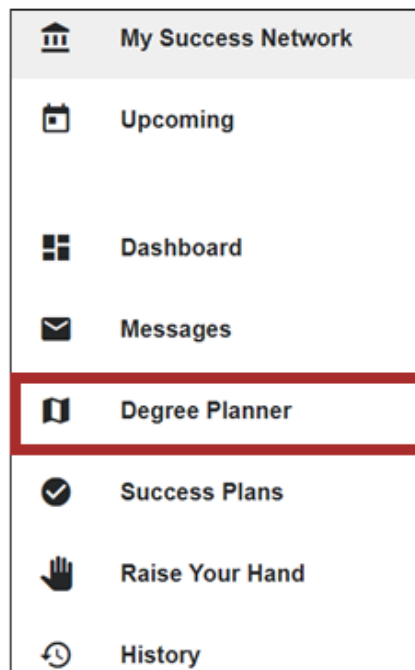

Log into Starfish using the same username and password as your Canvas login.

The Starfish login interface. On the left, the Everett Community College logo and a 'Welcome to Starfish!' message. Below the message, it says 'Log in with your EvCC username and password.' and provides a link to the 'Starfish Landing Page'. At the bottom left, there is a link for users having trouble logging in. On the right, a 'Sign In to Starfish' form with 'Username' and 'Password' input fields. At the bottom right, there are 'Login' and 'Forgot password' buttons.

Click on the 3-bar menu next to **My Success Network** in the blue bar.

Select **Degree Planner** from the menu.

## Creating a Plan

Click on Create New Plan.

### My Plans

Degree Planner is a tool to assist in the evaluation and planning of a student's academic and professional/technical goals while at Everett Community College.

The Degree Planner combines any courses that have been successfully completed at EvCC, any officially transferred-in courses from different institutions via a [Transfer Credit Evaluation](#), and current enrollment records here at EvCC. The plan also takes into account placement received once the [Placement Form](#) is evaluated, which should be done early in the planning process.

This information is then appropriately distributed within the Degree Plan(s) you create. Completed credits, along with the anticipated future course offerings, provide a good understanding of the progress being made towards completion of the degree and/or certificate being pursued.

If you are retaking a course it is important to submit a completed [Course Repeat Card](#) to the Enrollment Services office so only the higher grade is included in your GPA.

**\*\* Important Note \*\*** Degree Planner is an academic planning and tracking tool. Students must register for classes either online or via the Enrollment Services office.

[+ Create New Plan](#)

If you know the title of the Degree or Certificate to add, you can type it in the Program box. If you do not, click on the **Browse** button above the Program box.

**Catalog Year**

[Print](#)   [View PDF](#)

Everett Community College awards the Associate in Arts and Sciences Direct Transfer Agreement Degree (AAS DTA). The outlined plan is to best prepare you for your graduation from EvCC to continue your work towards your Bachelor's degree when you transfer to another college or university.

By following this plan you will have earned your AAS DTA here and completed many of the foundation courses at EvCC that will be required at the transfer institution(s). As you work to complete your AAS DTA Degree Plan you should work closely with your Academic Advisor.

## Setting Details

Degree Planner defaults to the belief that you will be taking a full-time credit load and will not take any classes during Summer quarter. To change this, or to personalize the availability and preferences for your schedule, click on **Advanced Settings**.

[Advanced Settings](#)

What term does your plan start?

Winter 2023

About how many units do you want to take per term?

16

Do you want to take summer classes?

[Add another program](#)

[Advanced Settings](#)

It's possible there may be a Math or English "pre-select" so that Degree Planner knows how far out to build English or Math in your plan. Once you have either selected a course or skipped this step, the plan will build as noted above.

Select a course here and we will build it into your plan

Select MATH& 141 from the list unless you have already completed or transferred in an equivalent or higher Mathematics course. If you have already completed the required level of Math, select Skip.

[Skip](#) [Skip all](#)

There will be a progress bar indicates progress as Degree Planner pulls in all the information it has. Sometimes, it stalls. If this happens, simply click on **Back to Plans**, and typically the plan will have built.

## Plan Details

### Error Messages – Possibly Placement

Once the plan has been built, clicking on the **View X unmet requirement(s)** will take you unmet requirements. These can include diversity or residency requirements (which will resolve as you plan on designated diversity courses or plan specific courses that meet the total residency requirement. This error message will also include a list of the course(s) that cannot be built because no placement has been established. This may include any English or Math classes and any with these as prerequisites. **Placement is REALLY important!** Reach out to [registration@everettcc.edu](mailto:registration@everettcc.edu) for information about placement.

⚠ Your plan doesn't meet the requirements for the program you've selected. [View 1 unmet requirement](#) ✕

MATH&141

✎ ⊕

Winter 2017 MATH&141 AM2
5 Credits

Status	Grade	Instructor	Flags
Completed	Letter Grade: B	TBD	None

Used by "Quantitative - Complete 5 credits from the DTA approved Quantitative Skills list"
Updated 10/18/2019 12:45 p.m.

Placement is found in the **Test Results** section of the **Student Records**. Entries can reflect different types of placement.

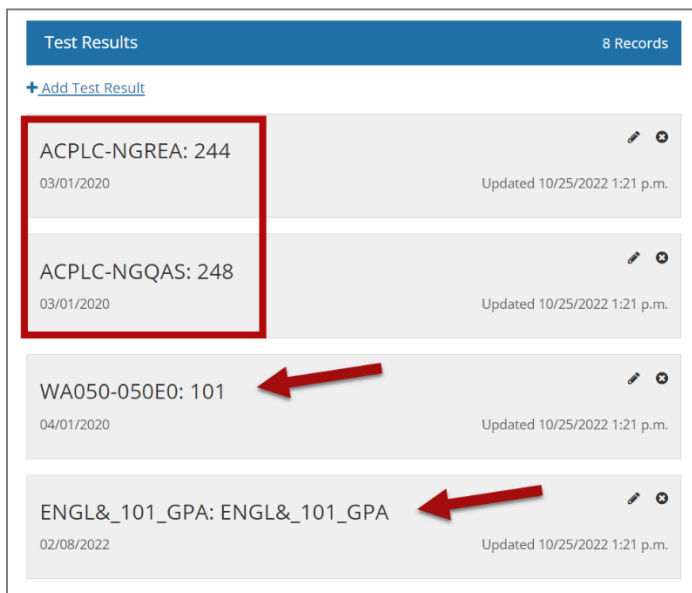

ACPLC-NGREA: 244 and ACPLC\_NGQAS: 248 are placement based on Accuplacer scores.

WA050-050E0: 101 is an EvCC-generated placement for ENGL&101.

ENGL&\_101\_GPA: ENGL&\_101\_GPA is another type of placement, this one based on grades.

Degree Planner factors these into determine whether you have met course requirements based on placement.

The [EvCC Placement webpage](#) has details about the placement process.

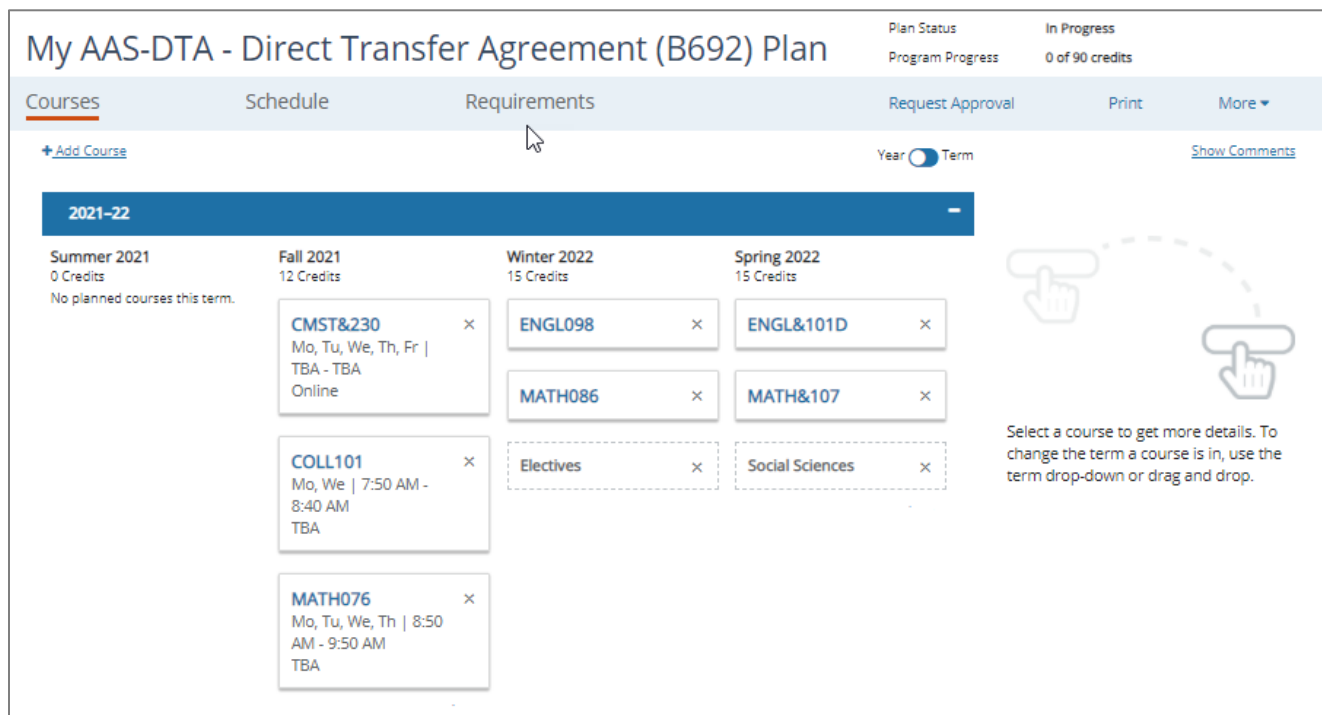

Test Name	Date	Updated
ACPLC-NGREA: 244	03/01/2020	Updated 10/25/2022 1:21 p.m.
ACPLC-NGQAS: 248	03/01/2020	Updated 10/25/2022 1:21 p.m.
WA050-050E0: 101	04/01/2020	Updated 10/25/2022 1:21 p.m.
ENGL&_101_GPA: ENGL&_101_GPA	02/08/2022	Updated 10/25/2022 1:21 p.m.

## Different Views in Degree Planner

There are three sections of the Degree Planner: **Courses**, **Schedule**, and **Requirements**. All of these are included if you print or save the plan as a PDF.

### Courses View

This shows the classes as drag-and-drop placeholders for the certificates and degrees. The boxes will appear in 3 different ways: solid with actual section information included, solid without any section information, and with a dotted box around the general distribution area requirements.

### Credit-Load Warning Messages

Degree Planner is set up with the assumption that you will be attending full-time. If you plan fewer than 12 credits, an error message appears as a warning to be sure this is really the best credit load choice for you.

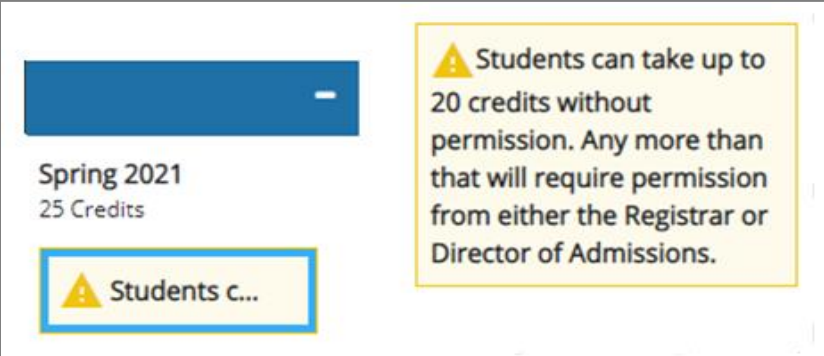

Spring 2021  
10 Credits

⚠ Taking few...

⚠ Taking fewer than 12 credits may impact your continued eligibility for financial aid and scholarships. Contact your financial aid advisor and/or scholarship administrator for more information.

You will also receive a warning if you exceed the credit limit EvCC allows without permission.

Spring 2021  
25 Credits

⚠ Students c...

⚠ Students can take up to 20 credits without permission. Any more than that will require permission from either the Registrar or Director of Admissions.

### Schedule View

Your planned schedule is presented in a grid format, with each course listed in a consistent color. Courses that are online will only be listed at the bottom, not in the grid.

## Viewing Comments

Comments can be posted on a plan by your advisor or other staff members. These are also included in the printed/PDF plan. If these have been made, they can be viewed by selecting **Show Comments** inside a plan.

The first screenshot shows a plan summary with 'Plan Status: In Progress' and 'Program Progress: 0 of 90 credits'. Below this is a navigation bar with 'Request Approval', 'Print', and 'More'. A 'Year Term' selector is visible. A red arrow points to the 'Show Comments' link.

The second screenshot shows the 'Comments' section. It features a 'Request Approval' button, 'Print', and 'More' options. A 'Year Term' selector is also present. The 'Comments' section displays a comment: 'Testo's plan is looking good. We'll want to be sure to track on the English sequence, which may be a trickier thing.' by Betsy Stam on 4/8/2021 7:11 PM.

## Plan Approvals

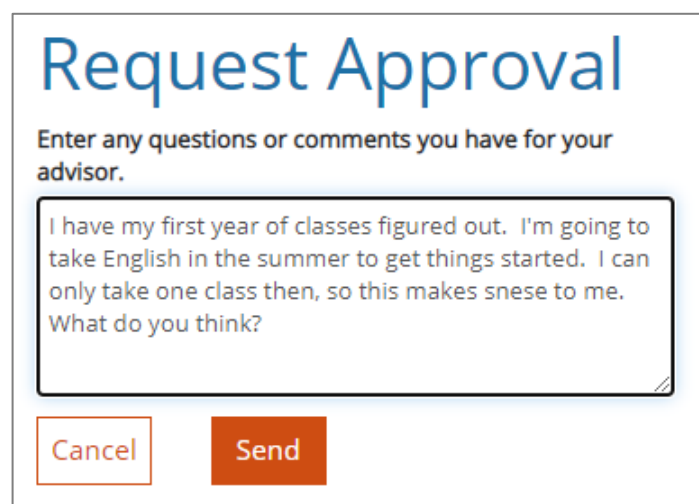

You can request approval of a plan by your advisor. Plans can be approved with an expiration date or through the end of the plan. When a plan has not yet been approved, the half-filled blue circle will appear.

The 'My Plans' page displays a plan titled 'My AAS - Direct Transfer Agreement (B692) Plan'. The plan is in 'In Progress' status, indicated by a half-filled blue circle. The plan details include 'AAS - Direct Transfer Agreement (B692)', 'Catalog Year 2020', and '0 of 90 credits completed'. The plan was last updated on 'Oct. 20, 2020, 4:33 PM'.

To ask your advisor to approve your plan, click on **Request Approval**, type in your message, and click **Send** to notify your advisor of your request.

[Request Approval](#)

The 'Request Approval' form prompts the user to 'Enter any questions or comments you have for your advisor.' The form contains a text area with the following text: 'I have my first year of classes figured out. I'm going to take English in the summer to get things started. I can only take one class then, so this makes snese to me. What do you think?'. Below the text area are 'Cancel' and 'Send' buttons.

There will be a two-arrow icon on your **My Plans** page indicating approval has been requested.

If your plan is not approved, you will see a one-arrow icon indicating the plan has been returned.

When approved by your advisor, the half-filled blue circle then becomes a green emblem with a white checkmark, along with the assigned approval window.

## Things to Remember

- Placement is very important. Without it, a plan may not be able to build.
- If you don't have an assigned advisor and you need plan approval, submit "Approve Plan" and the Entry Advising center will review your plan.
- If you are working toward any DTA emphasis, always be sure to run the "basic" AAS-DTA as well.
- At any time, you can have one active plan, one approved plan, and any number of other plans.
- Up to three credentials can be stacked within one plan. This is useful if you are completing a degree that includes stacked certificates. Build this by adding each plan at the beginning before you push the **Build Plan** button. Each plan is shown individually on the Requirements tab, but the courses will build out what is necessary without any duplicate courses.
