

## Associate in Arts & Sciences – Direct Transfer (DTA)

### GENERAL INFORMATION

A Global Studies major offers students the opportunity to study and understand international issues within a multidisciplinary frame work. It presents an education that focuses on the interdependence of communities and encourages students to contribute to important decision-making developments. This major is an introduction to cultural, political, environmental and economic perspectives of processes at the global level.

### PLANNING YOUR STUDIES

Typically, students follow-up their community college studies at the bachelor’s degree level, and then at the master’s level. Enjoy the benefits of smaller classes (and lower tuition) by beginning your college study at a community college and then transferring to a university.

The Global Studies degree meets statewide guidelines for smooth transition to most of Washington’s colleges and universities, and several in Oregon. Upon obtaining the degree you will have completed most or all of the lower division, general education typically required within a bachelor’s degree. The complete description of the specific degree program you have chosen is provided in the Associate of Arts and Sciences Direct Transfer Guide. A specific checklist for a Global Studies major is provided on the reverse side.

It will help to review the catalogs and Global Studies departments of various universities and colleges. The Websites provide information about Washington State universities with programs in Global Studies, International Studies or Interdisciplinary Studies:

3. Environmental Policy and Conservation Endorsement

Each Endorsement outlines a different set of courses and is usually associated with a course of study to be pursued once the student reaches the university setting. While you might take some courses in each of the Endorsements, you must ultimately choose at least one Endorsement. You may be able to achieve more than one Endorsement if you plan your classes carefully.

Any student at Everett Community College can complete the courses required for the GS Endorsement. As an emphasis, Global Studies is relevant to many types of careers and interests. After the final quarter of study, submit an Endorsement Application (c/o Cathie Wamsley Gray Wolf Hall, Room 322, (425) 388-9387, Communication and Social Sciences Division office).

Please note that the Endorsement does not appear on your transcript, so retention of your documentation paperwork is critical. Completion of an entire associate degree is not required.
